ORDERS

No. 1345-I.R./IR/4L-54/59.—30th March 1960.—Whereas under the Government of West Bengal, Labour Department, order No. 1832-I.R./IR/4L-12/57, dated the 4th May 1959, the industrial dispute between Messrs. Air France, 41 Chowringhee Road, Calcutta, and their workmen represented by the International Air Lines Employees' Association, 27 Camac Street, Calcutta-16, regarding the matters specified in the schedule to the said order was referred for adjudication to the First Industrial Tribunal;

And whereas during the pendency of the proceedings before the said Tribunal, a complaint under section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), was filed before it against the said company by Shri Sk. Shamser Ali, a workman of the said company, alleging that the said company had dismissed the said workman concerned in such dispute;

And whereas in pursuance of the Government of West Bengal, Labour Department, notification No. 1916-I.R./IR/3A-1/58, dated the 13th May 1958, the said complaint was transferred by the said First Industrial Tribunal to the Second Labour Court constituted under notification No. 1727-I.R./IR/3A-1/58, dated the 26th April 1958, for adjudication;

And whereas the said Second Labour Court has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33(2)(b) of the Industrial Disputes Act filed by Messrs. Air France Ltd., 41 Chowringhee Road, Calcutta, against their workman Shri Sk. Shamsher Ali (Case No. 99 of 1959 under section 33), Naranpur Colony, P.O. Gopalpur, Dum Dum

And

In the matter of a complaint under section 33A of the Industrial Disputes Act filed by the above Shri Sk. Shamser Ali against the aforesaid company, viz., Messrs. Air France Ltd. (Case No. 70 of 1959 under section 33A).

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:

Shri HEM RANJAN DEB, Presiding Officer, Second Labour Court.

Appearances:

For the Company: Shri R. Goswami, Officer of Messrs. Bengal Chamber of Commerce and Industry.

For the workman: Shri Manas Nath Roy, Advocate.

An industrial dispute between Messrs. Air France Ltd. and their workmen was referred for

adjudication to the First Industrial Tribunal by the Government of West Bengal, Labour Department, in their order No 1832-I R /IR 4L-42/57, dated the 4th May 1959 While that dispute was pending before that Tribunal Messrs Air France filed an application under section 33(2)(b) of the Industrial Disputes Act before that Tribunal on 3rd October 1959 seeking approval of their action in dismissing Shri Sk Shamser Ali, one of their workmen On 22nd October 1959 Shri Sk Shamser Ali filed a complaint against Messrs Air France under section 33A of the Industrial Disputes Act relating to the same matter before that Tribunal That Tribunal, as authorised under Government notification No 1916-I R , dated 13th May 1958, transferred the above application and the complaint to this Court for disposal

At the request of both sides, both the cases were heard together and the evidence adduced in the case filed under section 33A of the Industrial Disputes Act was treated as evidence in the other case

The case of the company, briefly stated, is as follows:

Shri Sk Shamser Ali absented himself without authority from 6th May 1959 to 12th August 1959 Messrs Air France Ltd (hereinafter referred to as the company) gave him a charge-sheet asking him to show cause why he should not be dismissed for unauthorised leave which is a misconduct under the company's Service Regulations Shri Sk Shamser Ali could not show any satisfactory cause for his absence without permission and the management held an enquiry which was attended by him As a result of the enquiry the management found him guilty and dismissed him

Shri Sk Shamser Ali does not deny that he was absent without leave from 6th May 1959 to 12th August 1959 He says that he had gone to Mecca on a pilgrimage He applied for leave in time, but at the eleventh hour he was informed that his leave had not been granted At that time he had made all arrangements for the pilgrimage So he had to go to Mecca for the pilgrimage and informed the company accordingly while leaving for Mecca His case is that such absence without leave has not been described as a misconduct in the Service Rules of the company He asserts also that the enquiry which was held was arbitrary and was held in a very perfunctory manner

DECISION

Both sides have adduced evidence in support of their respective cases It has been admitted by Shri Sk Shamser Ali that he was absent from duty from 6th May 1958 to 12th August 1959 without any leave His argument is this that he had to do so, because as a Muslim he had the long-cherished desire to go to Mecca on a pilgrimage and he did it as he was informed at the eleventh hour that his leave had not been granted He challenges the order of dismissal on the ground that such absence without leave has not been described as a misconduct in the Service Rules of the company. Shri G Pages, Station Manager of the company in Calcutta, admits that such an absence without leave has not been described as a misconduct in the Service Rules of the company. But the description of a particular act of an employee as a misconduct in the Service Rules or Standing Orders of the company is not the only criterion to determine whether that act constitutes a misconduct or not It is an accepted principle of discipline in all institutions that an employee cannot be absent from his work without proper authorisation So no proof is necessary for the assertion that absence without leave is a misconduct So this argument of Shri Sk Shamser Ali does not stand the slightest scrutiny Another argument of Shri Sk Shamser Ali is that the enquiry was not conducted properly But it is clear from his own evidence that the enquiry was done properly So this argument of Shri Sk Shamser Ali also fails

In view of the above circumstances I approve under section 33(5) of the Industrial Disputes Act of the action taken by the company in dismissing Shri Sk Shamser Ali

As to the complaint of Shri Sk Shamser Ali under section 33A of the Industrial Disputes Act, the following two questions arise

(i) Whether the application is maintainable

(ii) Whether the company is justified in dismissing Shri Sk Shamser Ali

Immediately after the dismissal the company sought for the approval of the First Industrial Tribunal before which a dispute between the company and its workmen was pending, and the company also paid to Shri Sk Shamser Ali wages for one month So there has been no violation by the company of the provisions of section 33 of the Industrial Disputes As such the complaint of Shri Sk Shamser Ali under section 33A of the Industrial Disputes Act is not maintainable

As to the merits of the complaint, as I have already discussed above, the action of the company in dismissing him is justified As such he is not entitled to any relief

ANNEXURE

In the matter of an industrial dispute between Messrs. Fort William Jute Co., Ltd., Sibpore, Howrah, and their 4 workmen represented by Fort William Jute Mills Employees' Union, 12 Raj Narayan Roy Choudhury Ghat Road, Sibpore, Howrah. (Case No. VIII-C-187/57.)

BEFORE THE FIRST LABOUR COURT, WEST BENGAL

Present:

Shri N. C. CHATTERJEE, Judge, First Labour Court.

Appearances:

For the Union: Shri P. R. Mukherjee, Lawyer, Assisted by Shri Supravat Mukherjee, Pleader.

For the Company: Shri S. C. Sen, Advocate of Messrs. Orr Dignam & Co., Solicitors.

The Government of West Bengal, in the Department of Labour by order No. 4928-I.R./IR/7L-16/57, dated 14th December 1957, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Fort William Jute Co., Ltd., Sibpore, Howrah, and their four workmen represented by Fort William Jute Mills Employees' Union, 12 Raj Narayan Roy Choudhury Ghat Road, Sibpore, Howrah, regarding matters specified in the second schedule of the Act, to this Court for adjudication:

Schedule

Is the dismissal of the following workmen justified? To what relief including reinstatement and/or compensation are they entitled?

(1) Shri Pulin Behari Nath.

(2) Shri Panchanan Dawn.

(3) Shri Nirmalendu Patra.

(4) Shri Sisir Kumar Ghosh.

AWARD

This is a dispute arising out of alleged illegal and unjustified dismissal of 4 workmen, namely, (1) Shri Pulin Behari Nath, (2) Shri Panchanan Dawn, (3) Shri Nirmalendu Patra and (4) Shri Sisir Kumar Ghosh previously employed in Messrs. Fort William Jute Co., Ltd., Sibpore, Howrah, hereinafter referred to as the Company for the sake of brevity.

Decision

Besides the point referred to for determination by this Court, the learned Advocate for the Company contended that this is an individual dispute. So this point is taken up first. His contention is that this is an individual dispute, and the reference is incompetent as the dispute is described in the order of reference as one between Messrs. Fort William Jute Co., Ltd., and their 4 workmen named therein represented by Fort William Jute Mills Employees' Union. I think, there is no substance in this contention as the Union of the employees of the Company of which the concerned workmen are members has espoused their cause. If any authority be needed, reference may be made to the case law of Express Newspapers (Private) Ltd., reported in 1959 L.L.J. Vol. I, pages 600-604. In this illuminating judgment, the requirements of an industrial dispute have been fully discussed and some previous decisions on the point were also reviewed, and it is laid down, inter alia, that the real test appears to be as to whether the majority or a large portion of the workmen employed in the particular industry are concerned in the dispute or not. Where the Union is of the workmen employed in that particular industry, it may be presumed that when the Union takes up the cause of an individual workman it signifies a concerted action on the part of the workmen who are members of that Union. If the employer Company alleges that the Union does not represent the views of the majority of the workmen or a large portion thereof, then in the first instance, it would be for him to prove the same. In the instant case, the Company has not adduced any evidence to rebut the presumption that the Union backs up the aggrieved workmen concerned. Thus I hold that the instant dispute is an industrial dispute, and the reference is competent.

At the very outset, it needs be stated that the case of Shri Sisir Kumar Ghosh was not pressed by the Union during trial. Shri Nirmalendu Patra was employed as Head Clerk in the Weaving Section, Shri Pulin Behari Nath as Head Clerk in

the Finishing Department and Panchanan Dawn as Assistant Finishing Clerk. All of them had put in long years of service in this Company. The whole dispute hinges on the dates of death of Company's two workers—Sheo Pujan and Barsati. The Company's case is that Sheo Pujan expired on 20th April 1956, but his wages were drawn up to 21st April 1956, and for the bungling of all necessary papers and drawal of excess wages for a day Shri Nirmalendu Patra, one of the workmen concerned, was charge-sheeted and ultimately dismissed. Regarding the other two workmen concerned Shri Pulin Behari Nath and Shri Panchanan Dawn who were charged with similar misconduct as regards the death of another workman Barsati, the Company's case is that Barsati died on 29th February 1956, but his wages were drawn up to 3rd March 1956, and that all records of the Company were accordingly manipulated and excess drawals on the score of his wages were made and the amount thus drawn was misappropriated by those 2 workmen. In both these cases, the Company contends that due enquiries were held wherein the 3 workmen were given reasonable facilities to defend themselves, and that the decisions reached by the Company as a result of enquiries are not vitiated in any way, and as such the Company's decisions dismissing these 3 workmen must stand and cannot be interfered with.

The Union on behalf of these workmen contends that the 2 workmen—Sheo Pujan and Barsati had actually worked on 21st April 1956 and 29th February 1956, respectively, and that the records are all correct and that no enquiries were held, nor were the workmen concerned given reasonable facilities to defend themselves at the enquiries, and that the reports of the Gram Panchayet and the local Police are not admissible in evidence, nor can these be relied upon. The Union also impungs the enquiries on other grounds which will be dealt with in due course.

On a very careful examination of the entire evidence on record—both oral and documentary, and after having heard the arguments advanced on behalf of the parties I conclude, let me say, at the very outset that it would be unsafe to rely on the Gram Panchayet's reports which are inadmissible in evidence as also the Police reports in view of other conflicting evidence on record in fixing up the dates of the death of Sheo Pujan and Barsati as contended for the Company, and thus to hold that these 3 workmen concerned are guilty of excess drawals and misappropriation, and come to a finding that their dismissals are justified. It has been seriously contended before me and that very rightly by the learned Lawyer on behalf of the Union that the enquiry was not properly held by the Company as the Departmental Overseer Shri K. C. Dutt was not examined at the enquiry, nor were Raj Monia, widow of Sheo Pujan, and Ram Chet Ram, son of Barsati, examined there and also because the thumb impressions of Sheo Pujan and Barsati on their Wage Tickets were not verified with their admitted thumb-impressions on their Service Cards (Exts. A and A-1), and because Panchayet reports and Police reports are inadmissible in evidence and could not be tested by cross-examination. So, the charges cannot be held to have been established. Having regards to the non-examination of Shri P. K. Ghosh, Enquiring Officer, and Shri K. Jajoo, Overseer, in this Court and non-production of the proceedings of the enquiries de die in diem coupled with the non-testing of the thumb impressions as said above and also bearing in mind that conflicting dates of death are on record, I feel, it will not be correct to hold that Sheo Pujan died on 20th April 1956 and Barsati died on 29th February 1956. Section 35 of the Evidence Act runs as follows:—

> "An entry in any public or other official book, register or record, stating a fact in issue or relevant fact, and made by a public servant in discharge of his official duty, or by any other person in performance of a duty specially enjoined by the law of the country in which such book, register or record is kept, is itself a relevant fact."

The members of the Gram Panchayets are not enjoined by any law to keep any record or register of dates of death of villagers, and as there was no statutory duty cast upon them to record such dates of death, their reports Ext. N stating that Sheo Pujan died on 20th April 1956 and Ext. H declaring that Barsati died on 29th February 1956 are not admissible in evidence. Exts. N and H are nothing more than letters from Gram Panchayets and these are not certified copies of entries in public registers. If the members of the Panchayet were in the Witness Box their evidence could have been tested in cross-examination. Likewise, police reports Exts. O and I based on reports from Panchayets are also not duly proved. So, the Court cannot act upon them. These Gram Panchayet's reports are, therefore, not admissible in evidence, and this is also confirmed by the letter (Ext. 1) that Gram Panchayets had no authority to issue birth and death certificates. If the Gram Panchayet's reports and the Police reports on which the Company relies are left out of consideration, there is no cogent evidence as to the actual dates of death of Sheo Pujan and Barsati. I think, the best evidence in this case would have been of Raj Monia, widow of Sheo Pujan and Ram Chet Ram, son of Barsati. The Company should have examined them in Court and the Union might have cross-examined them. It may be stated that one of the workmen concerned—Shri Nirmalendu Patra obtained an affidavit (Ext. 3) from Raj Monia, widow of Sheo Pujan, affirming that he expired on 16th June 1956. This places the date of death of Sheo Pujan about 2 months later than 20th April 1956 which is alleged by the Company to be the date of death of Sheo Pujan. The learned Advocate for the Company contends that the Indian Evidence Act is not applicable to enquiries conducted by Tribunals, and reference is made to the case of Union of India vs. Varma reported in 1958 L.L.J. Vol. II, pages 259-264 where it is laid down that the Evidence Act has got no application to enquiries conducted by Tribunals even though they may be judicial in character. The law requires that such Tribunals should observe rules of natural justice in the conduct of the enquiry, and if they do so, their decision is not liable to be impeached on the ground that the procedure followed was not in accordance with that, which obtains in a Court of law. Stating it broadly and

without intending it to be exhaustive, it may be observed that rules of natural justice require that a party should have the opportunity of adducing all relevant evidence on which he relies, that the evidence of the opponent should be taken in his presence, and that he should be given the opportunity of cross-examining the witness examined by that party, and that no materials should be relied upon against him without his being given an opportunity of explaining them. If those are satisfied, the enquiry is not open to attack on the ground that the procedure laid down in the Evidence Act for taking evidence was not strictly followed. It appears that this case related to a departmental proceeding against Shri Varma, an Assistant Controller in the Commerce Department of the Union Government, on a charge of corruption. Shri Varma replied to the charge and he was directed to state whether he wished to lead oral or documentary evidence in defence. In the enquiry witnesses were examined. The Enquiring Officer found that charges had been made out and notice was given to Varma that he should be dismissed. Shri Varma submitted that the finding of "guilty" was not proper as he had not been permitted to cross-examine the witnesses who deposed against him. The Enquiring Officer held that there was no substance in that contention and he was ordered to be dismissed. Shri Varma then moved the Punjab High Court which held that Shri Varma had been denied an opportunity to cross-examine the witnesses who gave evidence in support of the charge. In the result, Shri Varma was directed to be reinstated. The Hon'ble Supreme Court in appeal held that the respondent had full opportunity of placing his evidence before the Enquiring Officer, and the appeal was allowed.

As this is a judicial proceeding under the Industrial Disputes Act, the above ruling does not help the Company. In such judicial proceedings the Court can act only on evidence legally adduced in conformity with the provisions of the Indian Evidence Act (vide Calcutta High Court case of Burrakur Coal Company, Ltd., and Labour Appellate Tribunal of India and others reported in 1958 L.L.J. Vol. II, pages 580-584. Having regard to the above case law of the Calcutta High Court, the Court cannot act upon the reports of Panchayets and Police reports which are not duly proved in this case. In the midst of these conflicting reports as to the dates of death of Sheo Pujan and Barsati, the Court is neither in a position to say definitely on which dates Sheo Pujan and Barsati died, nor will the Court be justified in speculating in that direction. A good deal of responsibility for the disbursement of wages attaches to the Departmental Overseer, who checks the wage sheets and issues leave passes to the workman, but curiously enough, this Departmental Overseer has not been examined in Court, nor Jaju whose statement (Ext. J) is on record. If they were produced, evidence might have been obtained as to how they could verify the presence of Barsati and Sheo Pujan on the dates on which their wages were disbursed to them for the last time, and how leave passes, pay-sheets and vouchers were prepared and how the Accountant checked them. Thus the non-production of the Departmental Overseer, Accountant and the Enquiring Officer Shri P. K. Ghosh before this Court seems to be significant.

As regards the enquiry, for the Company it is argued that the workmen did not adduce any evidence at the domestic enquiries, nor did they cross-examine the Company's witnesses, but simply remained satisfied by saying that they would proceed on the statements recorded during the preliminary enquiry. As already stated, the proceedings of enquiry are not produced, and the evidence of Shri P. N. Chakrabarty (C.W. 1) is not convincing enough, as it appeared to me, having regard to his demeanour in the witness box. In the circumstances, I would hold that there was no proper enquiry into the charge-sheets Ext. 2 (against Nirmalendu) and Exts. 2-A and 2-B (against Pulin and Panchanan), and principles of natural justice were violated as no witnesses for the workmen were examined, and there was basic error of facts as the Company proceeded simply on the reports of the Gram Panchayets and letters from the Police which are inadmissible in evidence—not caring to secure the best evidence from Raj Monia and Ram Chet Ram. The Union has further adduced evidence to show that Nirmalendu Patra is a Member of the Union, Pulin Behari Nath its Assistant Secretary previously and Panchanan Dawn, a member of the Executive Committee up to his discharge, and their activities in that direction were obviously not liked by the Company, because the Company's Labour Officer Shri P. N. Chakrabarty (C.W. 1) has stated in his evidence in Court that the Company did not even recognise the Union. In the circumstances, it may be said that the Company did not obviously take in good graces the activities of these workmen, and therefore they were singled out for departmental disciplinary proceedings while some others, i.e., Departmental Overseer, Accountant and the workmen who prepared the wage-sheets and vouchers and also shared the responsibility were not examined. Thus the Company made discrimination in the matter of taking action against workmen and workmen, and this savours of unfair labour practice which also vitiates the result of the domestic enquiries. In this connection, reference may be made to the case of law of G. C. McKenzie and others reported in 1959 L.L.J., Vol. I, page 285 which lays down as follows:—

> "Undoubtedly, the management of a concern has power to direct its own internal administration and discipline; but the power is not unlimited and when a dispute arises, Industrial Tribunals have been given the power to see whether the termination of service of a workman is justified and to give appropriate relief. In cases of dismissal on misconduct, the Tribunal does not, however, act as a Court of appeal and substitute its own judgment for that of the management. It will interfere—
>
> (i) when there is want of good faith,
>
> (ii) when there is victimisation or unfair labour practice,
>
> (iii) when the management has been guilty of a basic error or violation of a principle of natural justice, and

(iv) when on the materials the finding is completely baseless or perverse.

It is for the management to determine what constitutes major misconduct within its standing orders sufficient to merit dismissal of a workman, but in determining such misconduct it must have facts upon which to base its conclusions and it must act in good faith without caprice or discrimination and without motives of vindictiveness, intimidation or resorting to unfair labour practice and there must be no infraction of the accepted rules of natural justice. When the management does have facts from which it can conclude misconduct, its judgment cannot be questioned provided the above-mentioned principles are not violated. But in the absence of these facts or in case of violation of the principles set out above, its position is untenable.

In the absence of any of the vitiating circumstances mentioned above, it would not be open to the Industrial Tribunal (in the instant case by the Labour Appellate Tribunal in appeal) to disbelieve the evidence of a witness examined at the domestic enquiry and come to a different conclusion on merits."

So, the decisions reached at the domestic enquiries stand vitiated because the findings are perverse and because of basic error of facts and for violation of principles of natural justice and for discrimination savouring of victimisation and unfair labour practice. I am, therefore, on all these considerations unable to uphold the decision of the Company reached at the domestic enquiries. It is, therefore, held that the charges against them are not proved. The dismissals of these workmen are, therefore, found unjustified. As regards relief, the normal relief is reinstatement, and I think, in the circumstances of the case I shall not be justified in denying normal relief, and so they must be reinstated and given full wages for the period of their forced unemployment.

The Company is, therefore, directed to reinstate the workmen, viz., Pulin Behari Nath, Panchanan Dawn and Nirmalendu Patra treating their continuity of service as unbroken, within a month of the publication of this award, and pay them all their due wages from the date of their discharge up to the date of their reinstatement within the above period. The workmen must report themselves for duty at Company's Office within the same period.

This is my award.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri M. C. BANERJI, District Judge (Retd.), Judge, First Industrial Tribunal.

The Government of West Bengal, in the Labour Department, by order No. 1645-I.R./IR/8L-37/58, dated 23rd April 1959, referred, under sections 7A and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Issue.

Whether the discontinuance of production bonus to the workmen is justified? To what relief, if any, the workmen are entitled?

AWARD.

Decisions

6. **Issue No. 1:** The Union's case is that Messrs. Bangeswari Cotton Mills Ltd., introduced a Production Bonus Scheme several years ago and the workmen got Production Bonus on the basis of the said Scheme. The Production Bonus was paid from the date of introduction of the Scheme till 10th July 1958, and the workmen were enjoying the payment as an existing benefit and as a condition of service. On the publication of the last Cotton Textile Tribunal Award, the Management unjustly and unfairly discontinued the said existing benefit of Production Bonus to the prejudice of the workmen with effect from the 11th July 1958. The discontinuance of the payment of the Production Bonus was made on an erroneous plea that the last Cotton Textile Tribunal Award rejected the claim of Production Bonus. This plea, as taken by the Management, is wholly untenable, in view of the fact that the award has no where directed that the payment of Production Bonus should be discontinued. The act of the Management in discontinuing this payment of the Production Bonus has been unjust and mala fide. The workmen, therefore, pray for an award directing the continuance of the Production Bonus to the workmen under the Scheme as introduced by the Management with effect from 11th July 1958.

7. The Company, in its written statement, states that the Mill introduced "incentive" scheme of production for the workmen employed only in a particular section, viz., Weaving Shed of the Mill, in order to have higher production and to raise the efficiency level of the Mill, which was very low. The Scheme had undergone many changes from time to time, and the aforesaid "incentive" was discontinued, inasmuch as, the stock had accumulated due to slump and the "incentive" not having produced the desired effect. The Scheme alleged by the workmen as Production Bonus has never been and cannot be a condition of service. The Scheme was just a Management function to stimulate production as and when needed The question of Production Bonus was raised before the First Industrial Tribunal in the matter of the industrial dispute in the Cotton Textile Industry in West Bengal, and the Tribunal in its award, published on 10th June 1958, rejected the claim as such. The Mill submits that the question of re-introduction of Production Bonus and relief to the workmen does not arise at all. The Mill acted bona fide and in accordance with the provisions of law. The Management function in the discharge of routine duties is not liable to be interfered with by the Tribunal. The issue should be answered in the affirmative holding that the Mill is justified in discontinuing the "incentive" for production

8. Evidence was adduced on both sides. P.W. 1 Shri Gopal Chandra Dutta, a Weaver in the Bangeswari Cotton Mills, deposed for the Union, and the document, Ext. 1, showing the Production Bonus Scheme of the Weaving Department, was marked as Ext. 1. O.P.W. 1 Shri Kalipada Saha, a Weaving Assistant, deposed for the Company.

9. I shall first deal with the plea of the Company in the written statement that the First Industrial Tribunal in its award on the industrial disputes in the Cotton Textile Industry in West Bengal, which was published on 10th June 1958, rejected the claim of a Production Bonus. This question has been dealt with at page 2081 of the award. The issue before the Tribunal was for a revision of the existing bonus in the Industry, which was based on the dividends paid to the share-holders. Some of the Unions also claimed Production Bonus and Attendance Bonus, and the Tribunal observed that there was no justification for the claim of Production Bonus or Attendance Bonus, and rejected the claim. The Tribunal rejected the claim of Production Bonus and Attendance Bonus, as made by some of the Unions in the proceeding, and this order did not relate to any existing bonus that was paid by any of the Units in the Industry. There cannot be any plea that the Tribunal discontinued any existing benefit of Production Bonus if that was paid in any Unit of the Industry. It is, therefore, decided that the award of the Second Cotton Textile Tribunal did not touch the Production Bonus, if any, that might be existing in the Bangeswari Cotton Mills and which was a subject-matter of the present dispute.

10. It is proved by P.W. 1 Shri Gopal Chandra Dutta, and admitted by O.P.W. 1 Shri Kalipada Saha, that the Production Bonus in question was introduced in 1947 or 1948, and that the Scheme of this bonus is as shown in Ext. 1, which was filed by P.W. 1. This Scheme shows provision of payment of Incentive Bonus to Line Jobbers and Weavers. It is, therefore, clear that the Production Bonus in question is payable only to the Weavers and the Line Jobbers. It appears from the evidence of P.W. 1 and also O.P.W. 1 that this Production Bonus was paid till 10th of July 1958, and was re-introduced in December 1959, but after this re-introduction in 1959, the Line Jobbers were not paid any bonus. O.P.W. 1 states that the bonus was introduced in 1947-48, and it was stopped in 1952 on account of accumulation of stocks. It was again started in 1953 and was again stopped in 1958 July and re-introduced in December 1959. Since December 1959, only the Weavers are being paid according to the old Scheme, but not the Line Jobbers. The bonus was stopped in 1958 July, as there was an accumulation of stocks and production was not encouraged. In the cross-examination of O.P.W. 1, he was asked by the Court as to whether he was aware of any rule or scheme as to accumulation of stocks in which event the bonus was to be discontinued. The witness replied in the negative. The witness did not bring any paper also to show that there was any accumulation of stock in 1952 and 1958, when the payment was discontinued. It appears from the evidence of O.P.W. 1 that notices were issued by the Company in 1952, as

well as in 1958, informing the Weavers and the Line Jobbers that the Production Bonus was to be discontinued for accumulation of stocks, but no such notice was produced in Court. There were no papers to show that the Line Jobbers did not attain the desired efficiency, for which reason, it is stated that the Production Bonus for the Line Jobbers was not restored in 1959. It was claimed in the written statement that payment of Production Bonus was a management function and was not liable to be interfered with by the Tribunal.

11. It has been decided by the Hon'ble Supreme Court in the case of Titaghur Paper Mills Co., Ltd., reported in 1959(II) L.L.J., 9, that basically everything connected with the management of an industrial concern is the Management function, except the internal affairs of any Union which may exist. The Act has made no distinction between what may be called exclusive Management function and others. It is also well-settled that the Tribunals under the Act have power to interfere with Management function falling within their purview in the interest of industrial peace, and the Act was enacted with that object. Once the Tribunal has jurisdiction to entertain such an industrial dispute which comes within the terms of section 2(k) of the Act, there is no reason why the power of the Tribunal to take into consideration an incentive wage plan like a Production Bonus Scheme already introduced should be limited merely to the consideration of the question whether the employer's notice is mala fide, etc. Where a Production Bonus Scheme is in force and has become a term of employment, there is no reason why the Tribunal should not have the power to vary its terms if circumstances justify it. Nor can the power of revision be denied to the Tribunal in respect of a scheme actually introduced on the ground that the introduction of such a scheme was an exclusive Management function and therefore it should be immune from being touched at all. Therefore, even assuming that the initiation of a Production Bonus Scheme is an exclusive Management function and the decision with respect to its introduction rests initially with the Management, the right of the Tribunal to take into consideration such an initiated scheme (which has become a term of employment) and to revise it cannot for a moment be doubted under the Act. It is true that the Tribunal will not lightly interfere with a scheme introduced by the Management and accepted by the Union. It is also true that the Tribunal could only make a change in the rates for good and sufficient reasons. There can be no doubt that the Tribunal has jurisdiction under the Act to take into consideration a Production Bonus Scheme which has been introduced and is in operation and in proper cases to revise it, and if necessary to change the rates and other conditions on which such bonus is payable. The plea that the payment of Production Bonus is such a Management function as cannot be interfered with by the Tribunal is, therefore, unworthy of support.

12. I have already stated above that the Production Bonus which was in operation from 1947 till 1952, and from 1953 till 1958, 10th July, should not be discontinued on account of the operation of the award of the Second Cotton Textile Tribunal from 10th July 1958. The learned spokesman for the Company pointed out that the Production Bonus was discontinued with effect from 11th June 1958, on account of a slump in the Industry which occurred in 1956, and the Company discontinued the payment of Production Bonus on account of the pendency of the Second Cotton Textile Tribunal, which ended on 10th July 1958, i.e., one month after the date of the publication of the award on 10th June 1958 in the "Calcutta Gazette, Extraordinary". The Company did not produce any papers to show that on both the occasions in 1952 and 1958, discontinuance of the payment of Production Bonus was effected on account of accumulation of stocks. I would, however, accept this plea in the circumstances of the case, in view of the fact that the stoppage of the bonus in 1952 was not denied and it is the evidence of O.P.W. 1 that on that occasion also it was stopped on account of accumulation of stocks. There is no evidence on record to show as to details of the circumstances surrounding the accumulation of stocks that was considered to be a sufficient reason for the Company to discontinue the payment of this bonus. O.P.W. 1 also could not answer as to the rule or scheme showing the extent of accumulation of stock that was to justify the stoppage of the bonus. The learned spokesman for the Company stated that it was not possible for the Company to carry on its business if there was an accumulation of stocks to the extent of more than two months' production. I understand from the learned Advocate for the Union that 70 per cent. of the Weavers used to get the bonus.

13. Considering the evidence on record and the circumstances of the case, it appears to me that the Company has failed to justify that the discontinuance of the Production Bonus from 11th

July 1958, till November 1959, was on account of unfavourable accumulation of stocks for the entire period. The fact that Incentive Bonus for the Line Jobbers was not restored, shows that the Company did not restore the bonus to the full extent even when, according to it, there was no difficulty in regard to accumulated stocks. The Company has not adduced any evidence on the point in assertion of the claim that the introduction or the discontinuance of the Production Bonus was a routine Management function depending on its discretion, and beyond the jurisdiction of the Tribunal. In these circumstances, it is awarded that the workmen should be given a token amount for the period of discontinuance of the bonus and a rule as to the extent of accumulation justifying stoppage of bonus should also be framed. It is, therefore, awarded that the Weavers and the Line Jobbers of the Company do get Rs. 2 per head by way of Production Bonus for the period of its discontinuance in question. It is also awarded that the Production Bonus shall be discontinued when there is an accumulation of unsold stocks to the extent of two months' production or more. The Line Jobbers should also be given the bonus according to the existing scheme of the Company, shown in Ext. 1, which appears as Appendix A to this Award.

14. This issue is accordingly answered.

THE COMMISSIONERS FOR THE PORT OF CALCUTTA

Notification No. By 1

IN accordance with the provisions of sub-section (4) of section 126 of the Calcutta Port Act, 1890 (Bengal Act III of 1890), the following amendment made by the Commissioners for the Port of Calcutta to By-law No. 21A is hereby published for general information:—

Draft Amended By-law No. 21A—"Escape" hatch.—"The Master or Owner shall arrange to provide for 'escape' hatches with ladders to be certified as satisfactory by the Commissioners' Superintendent, Coal Dock, or his Assistant in every hold of a ship loading coal to facilitate the escape of the workers when employed in the holds in trimming coal as required under section 45 of the Indian Dock Labourers Regulation, 1948.

No ship will be treated as ready to start the loading of coal or given a loading berth unless 'escape' hatches with ladders have been provided in every hold to the satisfaction of the Commissioners' Superintendent, Coal Dock, or his Assistant and certified by him in writing. Steamer Agents shall state specifically in their applications declaring the dates of readiness of their ships that arrangements for the provision of 'escape' hatches with ladders have been duly made. In case any wagons arrive at the Coal Dock for any vessel which has been refused a berth or has to leave a berth for inadequate provision of safety hatches and ladders all such wagons shall be dumped and all charges realised from the Steamer Agents concerned."

Explanatory Note.—The primary object of the revision of the By-law is to ensure the provision by the Masters or Owners of 'escape' hatches with ladders in the holds of coal ships. The revision will also authorise the Commissioners to refuse loading berths to coal ships not provided with 'escape' hatches and to dump coal from coal wagons consigned to a ship not provided with 'escape' hatches, the dumping charges incurred being realised from the Steamer Agents concerned.

The draft amended By-law will be submitted to the Government of India for confirmation on the expiry of fourteen days after the first publication of this notification in the State Gazette and comments or criticisms, if any, with regard thereto received by the undersigned within that period will be considered.

Secretary.

GOVERNMENT OF WEST BENGAL

DEPARTMENT OF HEALTH

Public Health

NOTIFICATION

No. P.II./2016/2R-10/60.—9th April 1960.—Whereas the Governor is satisfied that the municipal area of Purulia in the district of Purulia threatened with an outbreak of smallpox;

Now, therefore, in exercise of the power conferred by section 2 of the Epidemic Diseases Act, 1897 (III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention and control of smallpox, and for the medical inspection, isolation, observation and surveillance of persons suffering from or suspected of being infected with smallpox in the said municipal area for a period of three months:—

Temporary Regulations for the Prevention and Control of Smallpox

1. In these regulations, unless there is anything repugnant in the subject or context:

(a) "Health Officer" means the Health Officer of the municipality;

(b) "Sanitary Inspector" means a Sanitary Inspector appointed by the municipality;

(c) "Smallpox" means any disease accompanied by an eruption of vesicles or pustules;

(d) "Patient" means a person suffering from or suspected to be suffering from smallpox;

(e) "Medical practitioner" means any person practising the medical profession.

Notices

2. If in any case the Health Officer or a Sanitary Inspector considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of smallpox, he may forthwith take such steps as he may think fit for carrying out the work and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

3. If any measure which the Health Officer or a Sanitary Inspector has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the Health Officer or a Sanitary Inspector shall be entitled to carry out the measure.

Cost and compensation

4. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the municipality except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions, which led the Health Officer or a Sanitary Inspector to pass such an order, are not attributable to any act or default of the person in possession of the property, the municipality may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The municipality may recover all expenses incurred by the Health Officer or a Sanitary Inspector in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued:

5. The municipality shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer or a Sanitary Inspector.

Location of disease

6. When a case of smallpox occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, the senior male inmate of the house other than patient of the house shall, within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing to the nearest Sanitary Inspector. When the inmates of the house are all females the medical attendant or the senior male inmate of the nearest house shall give the required information.

7. (1) Every medical practitioner called in to attend upon any case of smallpox shall forthwith give notice of the case by a special messenger to the Health Officer or a Sanitary Inspector and the cost of such messenger in each case shall be defrayed by the municipality.

(2) The Doctor-in-charge of a hospital or a dispensary within the municipality shall forthwith give notice of any case of smallpox brought to such hospital or dispensary for treatment to a Sanitary Inspector or to the Health Officer by a special messenger and the cost of such messenger in each case shall be defrayed by the municipality.

8. Registrars of births and deaths shall supply to the Health Officer or a Sanitary Inspector such periodical returns of case of smallpox as he may from time to time call upon them to furnish.

9. The Health Officer or a Sanitary Inspector may examine any person who is or suspected to be, suffering from smallpox or who, in his opinion, may be infected with or likely to spread smallpox.

Isolation of patients

10. When the Health Officer or a Sanitary Inspector considers that the isolation of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier of the house in which the patient is staying to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the Health Officer or a Sanitary Inspector.

He shall not direct the patient to be removed from the house unless it is, in his opinion, impossible to make proper arrangements for his isolation therein.

11. The Health Officer or a Sanitary Inspector may order that any person who has been in contact with a person found to be suffering from smallpox, shall be segregated for a period not exceeding a fortnight in a manner and in a place to be approved by the Health Officer or a Sanitary Inspector.

12. The Health Officer or a Sanitary Inspector may order that any person who has been in contact with a person found to be suffering from smallpox shall be vaccinated or re-vaccinated within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 10 without the permission of the Health Officer or a Sanitary Inspector.

14. When a patient has been removed from a house for isolation under regulation 10, the municipality shall provide for him free of charge a suitable place with necessary attendants, diet, etc.

15. No person, who is or has been suffering from smallpox, shall leave the place where he has been staying until he has received from the Health Officer or a Sanitary Inspector written permission to do so.

16. No person while suffering from evident symptoms of smallpox or in the convalescent state of the disease with scabs of pocks on his body shall expose himself in any street, road, public place, shop, bazar or any place used in common by persons, other than members of the family or household to which such infected person belongs or shall move from place to place unless he is proceeding to a hospital for admission and treatment.

17. The Health Officer or a Sanitary Inspector may, during the prevalence of any outbreak of smallpox, order that any bazar, shop or other public place shall remain closed for such time as may appear to be necessary and may forbid the holding of any fair, mela or other gathering to which people from several villages commonly or periodically resort.

Miscellaneous

18. The Health Officer or a Sanitary Inspector may require any person to allow to be carried out by such agency and within such time as may be specified in the order, such measures for the disinfection of any premises in the occupation of such person or for the disinfection or destruction of any of his personal effects, as the said officer or inspector may consider necessary.

19. Notices

3. If in any case the Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such step as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the Health Officer has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice, the Health Officer shall be entitled to carry out the measure.

Costs and compensation

5. (1) All expenses incurred in carrying out any work in pursuance of any order issued under these regulations shall be paid by the State Government except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by that person:

Provided that where the conditions, which led the Health Officer to pass such an order, are not attributable to any act or default of the persons in possession of the property, the State Government may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The State Government may recover all expenses incurred by the Health Officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

6. The State Government shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done, or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer.

8. (1) If information has not already been given under regulation 7, the medical practitioner called in to attend upon any case of cholera shall forthwith give notice of the case by special messenger to the nearest Sanitary Inspector or rural medical officer and by post to the Health Officer and the cost of such messenger in each case shall be defrayed by the State Government.

(2) The Doctor-in-charge of a hospital or a dispensary within the district shall forthwith give notice of any case of cholera brought to such hospital or dispensary for treatment to the nearest Sanitary Inspector by a special messenger and to the Health Officer by post and the cost of such messenger in each case shall be defrayed by the State Government.

9. Presidents of union boards in union board areas and thana officers in non-union board areas shall supply to the Health Officer such periodical returns of cases of cholera as he may from time to time call upon them to furnish.

He shall not direct the patient to be removed from the house unless it is in his opinion impossible to make proper arrangements for his isolation therein.

12. The Health Officer or a Sanitary Inspector may order any person to take such drugs in such quantities as may be specified by the said Officer or to submit himself to anti-cholera inoculation within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 11 without the permission of the Health Officer or a Sanitary Inspector.

14. The State Government shall provide free of charge suitable places, with necessary attendants, medicine, diet and other necessaries for persons isolated under regulation 11: provided that a private individual may provide places certified by the Health Officer as being fit for the purpose of such isolation.

15. If it is not possible for the State Government to provide suitable places with necessary attendants, diet and other necessaries for isolation of the patient or if satisfactory arrangement for such isolation is not also possible in the house where the patient is staying, the patient shall be sent, under proper sanitary precautions, to the nearest hospital where there is suitable arrangement for isolation.

16. No person, who is or has been suffering from cholera, shall leave the place where he has been staying until he has received from the Health Officer or a Sanitary Inspector written permission to do so.

18. The Health Officer or a Sanitary Inspector may direct the owner or occupier of any premises to cause to be inoculated with anti-cholera vaccine within a time specified in the order any person residing on such premises and under the control of such owner or occupier if the Health Officer or Sanitary Inspector is of opinion that such person has been exposed to infection from cholera.

19. The Health Officer or a Sanitary Inspector may forbid any person who has been a patient or who has, to his knowledge, been in contact with a patient to act as vendor of any article for such period as may be specified in the order.

20. No person shall carry or permit to be carried in a public conveyance a patient except in the case where a patient is carried with proper precautions to a hospital.

21. No person shall sell any article which has been in contact with a patient until it has been disinfected to the satisfaction of the Health Officer or a Sanitary Inspector.

22. No person shall expose in any street, shop, bazar, or any public place any clothing, bedding or other article which has been in contact with a patient or shall cause or suffer such articles to be carried in any public conveyance but nothing in this regulation shall apply to a person who transmits with proper precautions against spreading the disease any such article for the purpose of having the same disinfected.

23. No person shall carry or permit to be carried in a public conveyance the dead body of any person who has died of cholera without the previous written permission of the Health Officer or Sanitary Inspector and without taking proper precautions against spreading the said disease.

Water-supply

24. (1) When the Health Officer or a Sanitary Inspector is of opinion that the water in any well, tank, pool or other possible source of water-supply is contaminated or is likely to be contaminated, he may at once take such steps as he deems necessary to close such well, tank, pool or other source of water-supply, or may require the owner or occupier of land upon which such well, tank, pool or other source of water-supply is situated, to take steps to close the same to the satisfaction of the Health Officer or the Sanitary Inspector, as the case may be, within such time as may be specified in the order.

(2) The Health Officer or a Sanitary Inspector may require such owner or occupier to keep closed during such a period as shall be specified in the order any well, tank, pool or other sources of water-supply closed under paragraph (1) of this regulation.

Explanation.—In this regulation, "to close" includes the placing of chaukidars to prevent access to the well, tank, pool or other source of water-supply.

25. When the Health Officer or a Sanitary Inspector is of opinion that the water in well, tank, pool or source of water-supply is contaminated he may disinfect it or order its owner or occupier to disinfect it with such disinfectants as he may specify in such quantities and at such times as he may think fit.

26. The Health Officer or a Sanitary Inspector may prohibit persons from entering into or using for drinking, bathing, or any other purpose, during such period as may be specified in the order, the water in any well, tank, pool or other possible source of water-supply, which, in his opinion, is contaminated or likely to be contaminated.

27. The Health Officer or a Sanitary Inspector may, by an order published at such places as he may think fit, set apart any well, tank, part of a river, stream or channel not being private property, or being private property with the consent of the owner, for the supply of water for drinking or culinary purposes and may prohibit therein or within a distance therefrom to be stated in the order all bathing, washing of clothes or animals, or other acts calculated to pollute the water; and may similarly set apart any well, tank, part of a river, stream or channel for the purpose of bathing or for the purpose of washing animals or clothes or for any other purpose connected with the health and cleanliness of the people using such water-supply.

28. The Health Officer or a Sanitary Inspector may prohibit persons from easing themselves, or throwing, depositing or discharging any rubbish, sewage, or offensive matter, into any well, tank, pool or other source of water-supply, which is used by the public, or within such a distance from such well, tank, pool or source of water-supply as he may fix.

Conservancy and sewage disposal

29. The Health Officer or a Sanitary Inspector may (1) prohibit the committal or continuance of any nuisance, or (2) require the person causing any nuisance or the person occupying the premises on which any nuisance exists to remove such nuisance.

Explanation.—In this regulation "nuisance" means anything which in the opinion of the Health Officer or Sanitary Inspector is likely to spread or to cause the outbreak of cholera.

30. Whenever the Health Officer or a Sanitary Inspector is satisfied that the condition of any privy, urinal, drain, sewer or cesspool is such as to cause risk of spreading cholera to the inhabitants of the neighbourhood he may order the occupier of the land in which such privy, urinal, drain, sewer or cesspool is situated to disinfect, or may take such steps as is deemed necessary to disinfect, the same with such disinfectants in such quantities and at such time as the said officer or inspector shall think fit.

31. The Health Officer or a Sanitary Inspector may, for the prevention of the outbreak or spread of cholera, order the owner or occupier of any land to repair or make efficient to the satisfaction of that officer or inspector any drain, sewer, privy, urinal or cesspool which is situated upon such land or to remove any such drain, sewer, privy, or urinal or close any such cesspool within such time as may be fixed by the said officer or inspector.

Miscellaneous

The Health Officer or a Sanitary Inspector may during the prevalence of any outbreak of cholera order that any market, shop or other public place shall remain closed for such time as may appear to him to be necessary and may forbid the holding of any fair, *mela*, or other gathering to which people from several villages commonly or periodically resort.

33. The Health Officer or a Sanitary Inspector may require the owner or occupier of any land to clear and remove within the period specified in the order, any vegetation upon such land the existence of which in the opinion of the said officer or inspector conduces to the committing of nuisances upon such land.

(2) When the person to be examined under paragraph (1) is a female who, by the custom of the country, does not appear in public, the officer shall take her statement under such conditions as shall admit of due respect to the said custom.

By order of the Governor,

A. NIYOGI, Jt. Secy.

Now, therefore, the Governor is pleased, in exercise of the power conferred by section 75 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), to approve and in exercise of the power conferred by section 506 of the said Act to confirm the following rules, namely:—

Leave Rules for Municipal Officers and servants

1. (a) In these rules—

(i) "average pay" means the average monthly pay earned during the 12 complete months immediately preceding the month in which the event occurs which necessitates the calculation of average pay;

(ii) "earned leave" means leave earned in respect of periods spent on duty;

(iii) "earned leave due" means the amount of earned leave, calculated as prescribed in rules 6, 7 or 8 diminished by the amount of earned leave taken;

(iv) "inferior service" means any kind of service on pay or scale of pay not exceeding forty-five rupees per mensem;

(v) "leave" includes earned leave, leave on private affairs, leave on medical certificate and extraordinary leave;

(vi) "leave on average (or half or quarter average) pay" means leave on leave salary equal to average (or half or quarter average) pay;

(vii) "leave salary" means the monthly amount paid to a municipal officer or servant on leave by the municipality concerned;

(viii) "superior service" means any kind of service which is not inferior;

(ix) a "Vacation Department" means a department or part of a department to which regular vacations are allowed during which a municipal officer or servant serving in the department is permitted to be absent from duty.

(b) These rules shall apply to any municipal officer or servant appointed before the date of adoption of these rules by the municipality, with the sanction of the State Government.

2. Leave cannot be claimed as of right. When the exigencies of the municipal service so required, discretion to refuse or revoke leave of any description is reserved to the authority empowered to grant it.

3. Any kind of leave under these rules may be granted in combination with or in continuation of any other kind of leave except casual leave.

4. No leave shall be granted beyond the date on which a municipal officer or servant must compulsorily retire:

Provided that, if a municipal officer or servant has applied in writing for earned leave due to him preparatory to retirement and has on account of the exigencies of the municipal service been denied that leave in whole or in part by the authority empowered to grant it, the said authority may grant to the municipal officer or servant the whole or any portion of the earned leave so denied, even though it extends to a date beyond the date on which shall officer or servant must compulsorily retire:

Provided further that a municipal officer or servant whose service has been extended in the interest of the municipal service beyond the date of his compulsory retirement may similarly be granted either within the period of extension or, if the conditions of the preceding proviso are satisfied, after its expiry, any earned leave which could have been granted to him under the preceding proviso had he retired on that date and in addition any earned leave due in respect of such extension not exceeding the limit of 90 days in all prescribed in rule 6.

5. Subject to the provisions of rules 2 and 4, a municipal officer or servant may at any time be granted the whole or any part of the earned leave due to him.

6. Subject to the provision of rule 7 the earned leave admissible to a municipal officer or servant in permanent employ is one-eleventh of the period spent on duty:

Provided that, when the earned leave due amounts to 90 days he shall cease to earn such leave.

7. The earned leave admissible to a municipal servant in inferior service in permanent employ is one-twenty-second of the period spent on duty:

Provided that when the earned leave due amounts to 30 days he shall cease to earn such leave.

8. (1) The earned leave admissible to a municipal officer or servant not in permanent employ is, when he is in superior service, one-twenty-second of the period spent on duty, provided that when the earned leave due amounts to 30 days he shall cease to earn such leave.

(2) No earned leave is admissible to a municipal officer or servant in inferior service not in permanent employ.

Note 1.—In calculating "earned leave" under rule 6, rule 7 and rule 8 the actual number of days of duty performed should first be counted and then multiplied by 1/11th or 1/22nd as the case may be, and the product expressed in days (and a fraction of a day).

9. (a) A leave account shall be maintained for each municipal officer and servant in terms of leave on average pay.

(b) In the leave account of a municipal officer or servant shall be credited the leave earned by him under rules 6, 7 and 8 of these rules.

10. A municipal officer or servant not in permanent employ appointed without interruption of duty substantively to a permanent post shall be credited with earned leave which would have been admissible if his previous duty had been duty as a municipal officer or servant in permanent employ diminished by any earned leave already taken. Leave is not an interruption of duty for the purpose of this rule.

11. When the day immediately preceding the day on which a municipal officer or servant's leave begins or immediately following the day on which his leave expires is a holiday or one of a series of holidays, the municipal employee may leave his station at the close of the day before or return to it on the day following such holiday or series of holidays.

12. Unless the authority sanctioning the leave in any case otherwise directs—

(i) if holidays are prefixed to leave, the leave and any consequent rearrangement of pay and allowances take effect from the first day after the holidays; and

(ii) if holidays are affixed to leave, the leave is treated as having terminated on, and any consequent rearrangement of pay and allowances take effect from the day on which the leave would have ended if holidays had not been affixed.

13. Leave on private affairs may be granted only to a permanent municipal officer or servant in superior service for twelve months in all, and on any one occasion for not more than three months.

14. (1) Leave on medical certificate not exceeding twelve months in all during his service may be granted to a permanent Municipal officer or servant:

Provided that, when the maximum period of twelve months is exhausted, further leave on medical certificate not exceeding six months in all may be granted in exceptional cases.

(2) Leave on medical certificate may be granted to a municipal officer or servant not in permanent employ, when he is in superior service, up to one-thirtieth of the period spent on duty *minus* the amount of any such leave that may already have been taken by him.

(3) Leave admissible under sub-rules (1) and (2) shall be granted only on production of a medical certificate from such medical authority as the municipal commissioners may, by general or special order, direct and for a period not exceeding that recommended by the medical authority.

(4) In the case of a municipal officer or servant in superior service not in permanent employ who is subsequently appointed to a permanent post, the leave admissible under sub-rule (1) in respect of his permanent service shall be reduced by such leave as may already have been enjoyed by him under sub-rule (2) during his previous temporary service.

15. (1) Extraordinary leave may be granted to any municipal officer or servant in special circumstances—

(a) when no other leave is admissible, or

(b) when other leave is admissible, but the officer or servant concerned applies in writing for the grant of extraordinary leave.

(2) Except in the case of municipal officer or servant in permanent employ, the duration of extraordinary leave shall not exceed three months on any one occasion.

(3) The authority empowered to grant leave may commute retrospectively periods of absence without leave into extraordinary leave.

16. (1) A municipal officer or servant on earned leave is entitled—

(a) if in permanent employ, to leave salary equal to his average pay or, to his average substantive pay for the 12 complete months, preceding the month in which leave is taken, whichever is greater;

(b) if not in permanent employ, to leave salary equal to his pay on the day before the leave commences.

(2) Municipal officer or servant on leave on private affairs or leave on medical certificate is entitled to leave salary equal to half his average pay or, to half his average substantive pay for the 12 complete months, preceding the month in which leave is taken, whichever is greater, subject in either case to a maximum of Rs. 750.

(3) Municipal officer or servant on extraordinary leave is not entitled to any leave salary.

(4) For the purpose of this rule "substantive" pay means the pay of the permanent post which the officer or servant holds substantively or on which he holds a lien or would hold a lien had the lien not been suspended.

Note.—Average pay will be calculated on the average monthly pay earned during the 36 complete months immediately preceding the month in which the event occurs which necessitates the calculation of average pay.

17. Leave on medical certificate for any period not exceeding a month, may be granted by the Chairman of the municipality concerned.

18. (1) The authority competent to fill her post substantively may grant to a female municipal officer or servant in permanent employ maternity leave, which is not debited against the leave account on full pay at the rate she was drawing at the time of taking leave, for a period which may extend up to the end of three months from the date of its commencement or to the end of six weeks from the date of delivery which is earlier.

(2) Leave of any other kind, as may be due may be granted in continuation of maternity leave, if the request for its grant be supported by a medical certificate.

Note 1.—In the case of a female municipal officer or servant in temporary employ, maternity leave may be granted up to four weeks prior to and four weeks after the date of delivery, provided that she has been in municipal employ for at least nine months immediately preceding the date of delivery.

Note 2.—Maternity leave under this rule may also be granted in cases of miscarriage including abortion subject to the condition that the leave admissible to a temporary female municipal officer or servant does not exceed six weeks in all and the application is supported by a certificate from the authorised medical attendant.

19. Unless otherwise provided in these rules, leave shall be granted by the commissioners of the municipality at a meeting.

20. The Executive Officer or where there is no Executive Officer, the Chairman of the municipality concerned may grant (1) casual leave for a period not exceeding seven days at any one time or fifteen days in twelve months and (ii) earned leave or leave on private affairs or leave on medical certificate for a period not exceeding a month.

21. Quarantine leave may be granted to a municipal officer or servant on the basis of a certificate from a medical officer-in-charge of any Government or municipal hospital or dispensary if his presence in office or duty is considered to be injurious to the health of other municipal officers and servants due to the presence of infectious diseases in his family or household. Such leave may be granted by the Executive Officer or if there is no Executive Officer, by the Chairman of the municipality concerned for a period not exceeding twenty-one days, or, in exceptional circumstances, thirty days. Any leave necessary for quarantine purpose in excess of this period shall be treated as ordinary leave. Quarantine leave may also be granted, when necessary, in continuation of other leave subject to the above maximum. A municipal officer or servant or servant on quarantine leave shall not be treated as absent from duty and his pay shall not be intermitted.

The following diseases only shall be treated as infectious diseases within the meaning of this rule:—

(1) Small pox,

(2) Scarlet fever,

(3) Plague (pneumonic and/or bubonic).

(4) Typhus,

(5) Cerebro-spinal meningitis,

(6) Measles, and

(7) Mumps.

For persons employed in the preparation or distribution of food, the following additional diseases shall also be treated as infectious:—

(1) Dysentery,

(2) Enteric fever (typhoid fever),

(3) Malta fever, and

(4) Paratyphoid fever.

22. (a) Special disability leave may be granted by the commissioners at a meeting to a municipal officer or servant who is disabled by injury accidentally incurred in, or in consequence of the due performance of his official duties, or intentionally inflicted in consequence of his official position, or by illness incurred in the performance of any particular duty which has the effect of increasing his liability to illness or injury beyond the ordinary risk attaching to the post he holds subject to the following conditions:—

(i) that the disability, if due to disease, must be certified by the Chief Medical Officer of the municipality or if there is no such municipal medical officer, by a registered medical practitioner;

(ii) that the period of leave granted shall be such as is certified by the municipal medical officer or a registered medical practitioner, as the case may be, subject to a maximum of twenty-four months.

(b) Such leave shall not be admissible unless the disability manifested itself within three months of the occurrence to which it is attributed, and the person disabled acted with due promptitude in bringing it to notice of the commissioners of the municipality, provided that if commissioners are satisfied as to the cause of the disability, such leave may be granted in cases where the disability manifested itself more than three months after the occurrence of its cause.

(c) Such leave may be combined with leave of any other kind.

(d) Such leave may be granted more than once if the disability is aggravated or reproduced in similar circumstances at a later date, but not more than twenty-four months of such leave shall be granted in consequence of any one disability.

(e) Leave salary during such leave may be equal—

(i) for the first four months of any period of such leave, including a period of such leave granted under sub-rule (d) of this rule, to average pay, and

(ii) for the remaining period of any such leave, to half average pay, or at the option of the municipal officer or servant for a period not exceeding the period of average pay which would otherwise be admissible to him; to average pay:

Provided that in cases where the disability is not due to injury intentionally inflicted in consequence of official position, the commissioners at a meeting may grant such leave on average pay for a period less than four months and may treat part of the absence as covered by other leave.

23. Grant of leave to municipal officers or servants engaged on contract shall be governed as follows:—

(i) Where the contract is for one year or less, earned leave admissible shall be at one-twenty-second of the period spent on duty. Though ranking as earned leave, this may be granted only on medical certificate, and if subsequently it becomes necessary to grant the municipal officer or servant further leave, after the earned leave has been exhausted, leave on medical certificate may be granted to him subject to the condition that the total period of the two kinds of leave does not exceed one-eleventh of the period spent on duty.

If the municipal officer or servant serves in a Vacation Department, earned leave shall not be admissible, but he may be granted, if absolutely necessary, leave on medical certificate to the extent of one-twenty-second of the period spent on duty.

(ii) Where the contract is for more than one year but not more than five years, leave on medical certificate may be allowed in addition to earned leave under sub-rule (1) of rule 8 of these rules subject to a maximum of four months in all during the period of the contract. In addition, extraordinary leave may be granted in special circumstances when no other leave is admissible subject to a total maximum limit of three months in respect of such leave. If the municipal officer or servant serves in a Vacation Department, earned leave will not be admissible.

(iii) Where the contract is for a term longer than five years or an original contract for five years or less is extended so as to make the total period of contract longer than five years, leave admissible to a permanent municipal officer or servant under these rules may be allowed, subject to the restrictions that no leave on private affairs shall be granted and that the leave on medical certificate will be limited to six months in all. In the case of extension of contract to a period longer than five years the municipal officer or servant shall be credited with the earned leave that would have been admissible had the contract been initially one of more than five years, diminished by any earned leave already taken, and leave on medical certificate, if any, already taken shall count against the six months' limit prescribed.

(iv) Where the contract is for an indefinite period, or an original contract for a definite period is extended for an indefinite period, the rules regarding grant of leave to permanent municipal employees except rule 16 shall apply. In the latter case the municipal officers or servant shall be credited with the earned leave that would have been admissible had the contract been initially one for an indefinite period, diminished by any earned leave already taken and leave on medical certificate, if any, already taken, shall count against the limit prescribed in sub-rule (1) of rule 14.

(v) In the case of a municipal officer or servant falling under clauses (ii) to (iv) above, earned leave may be granted after the expiry of the contract only when it has been applied for during the period of the contract and refused owing to the exigencies of the public service. A municipal employee whose services are dispensed with on the ground of ill-health may be permitted to take all earned leave due to him before his service is terminated.

(vi) The leave salary during leave taken under the above clauses will be regulated as follows:—

(a) A municipal officer or servant on earned leave is entitled to leave salary equal to his average pay.

(b) A municipal officer or servant on leave on private affairs or on medical certificate is entitled to leave salary equal to half his average pay subject in either case to a maximum of Rs. 750.

Note.—"Average pay" means here the average monthly pay earned during the twelve complete months preceding the month in which the event occurs which necessitates the calculation of avarage pay.

(c) A municipal officer or servant on extraordinary leave is not entitled to any leave salary.

(d) A municipal officer or servant intially engaged on contract becomes subject to the leave rules regarding permanent municipal employees on his being taken into permanent employment after the expiry of his contract. In such a case the municipal officer or servant shall be credited with the earned leave that would have been admissible had his previous duty been duty as an officer in permanent employ diminished by any earned leave already taken, and leave on medical certificate if any already taken, shall count against the limit prescribed in rule 14.

24. (a) Earned leave is not admissible to a municipal officer or servant in permanent employ serving in a Vacation Department in respect of duty performed in any year in which he avails himself of the full vacation.

(b) The earned leave admissible to such a municipal officer or servant in respect of any year in which he is prevented from availing himself of the full vacation is such proportion of 15 days' earned leave if he is in inferior service and 30 days' earned leave it he is in superior service, as the number of days of the vacation not taken bears to the full vacation:

Provided that if in any year he is prevented from availing himself of any part of the vacation; earned leave is admissible to him in respect of that year in accordance with the provisions of rule 6 or 7, as the case may be.

(c) Vacation may be taken in combination with or in continuation of any kind of leave under these rules, provided that the total duration of vacation and earned leave taken in conjunction, whether the earned leave is taken in combination with or in continuation of other leave or not, shall not exceed 90 days in the case of a municipal employee governed by rule 6 or 30 days if he is governed by rule 7.

(d) Earned leave is not admissible to a municipal officer or servant serving in a Vacation Department who is not in permanent employ.

By order of the Governor,
S. K. MOOKERJEE, Asst. Secy.

No. P.H./979 2R-70/55.—23rd March 1960.— The following draft of rules which, in exercise of the power conferred by section 311 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and in supersession of all previous rules on the subject in so far as the same relates to the Baranagore Municipality, the Governor proposes to make for the regulation of the supply of filtered water to private premises for domestic purposes in the said municipality of Baranagore in the district of 24-Parganas, is published, as required by sub-section (1) of section 505 of the said Act, for the information of persons likely to be affected thereby.

The draft will be taken into consideration on or after the 21st April 1960 and any objection or suggestion with respect thereto which may be received by the undersigned before that date will be duly considered.

Draft rules

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water supply, they may grant to any owner or occupier of a holding paying a water-rate imposed under the provisions of Chapter V of the Bengal Municipal Act, 1932, on the annual value of such holding, when such annual value is not less than Rs. 100, a connecting pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only.

Sanction for all connections which have not been taken in hand within three months of sanction shall be considered as automatically revoked and fresh sanction must be obtained before the connection is made.

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes shall apply to the Commissioners for the same on the printed Form A to be supplied free of cost at the municipal office. The conditions subject to which a house-connection will be given are set out in the form, and the owner or occupier shall sign the statement undertaking to observe the rules before a house-connection will be given.

2. A fee shall be paid at the rates mentioned hereunder, to the Commissioners by such owner or occupier for each connection to municipal main supply before any work is commenced, such fee to be in addition to all the other costs and charges imposed under these rules:

	Rs.
For holding with annual valuation up to Rs. 250 ...	150
For holding with annual valuation above Rs. 250 ...	200

In the case of an application for a connection to a holding adjoining a road in which there is no municipal main, the applicant will have to bear the extra cost of providing and laying a service pipe from the nearest municipal main to the boundary of his holding minus such expenses as the Commissioners would normally incur to provide and fix the ferrule in the municipal main and connect the service pipe to it as well as for providing and fixing the stop-cock complete with chamber and the requisite check-pipes. All such service pipes as are laid at the expenses of the applicant shall be vested in the Commissioners from the date on which the connection to the holding is completed.

If the applicant is not willing to incur such expenditure, it shall be lawful for the Commissioners to refuse his application until such time as the number of applications for house connections to holdings in that road is sufficient to justify the laying of a branch main therein at the expense of the Commissioners, on which point the decision of the Commissioners shall be final.

3. Each holding shall have a separate connection to the municipal main supply-pipe. On application a holding consisting of two or more houses (excluding out-house) in one compound, may at the discretion of the Commissioners, be split into parts and each part connected separately to the municipal supply-pipe, provided that the sum total of the daily supply in all such parts shall not exceed the quantity of water admissible to the holding under rule 10. All such connections shall, for the purpose of rule 2, be treated as separate connections. Extension from the communication-pipe of one holding to another holding shall not be permitted and combination of holdings for the purpose of these rules shall not be allowed

4. The connection shall consist of two portions—

(a) the service pipe from the street main to the boundary of holding, including ferrule, stop-cock and check-pipes;

(b) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet pipes, taps and other accessories as required.

5. The items referred to in clause (a) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (b) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank is to be suitably covered and protected and is to be provided with locked lid, ball-valve, stop-valve and overflow pipe. The inlet and outlet pipes shall be so laid that they will be protected from the head of the sun.

7. The owner or occupier shall not permit the service-pipe including the items referred to in clauses (a) and (b) of rule 4 or any part thereof, to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service pipe as may from time to time be necessary for the maintenance of the requisite flow of water. No tapping or branching off of the service pipe shall be allowed except at a level approximately the same as that of the ball-valve.

8. The tank referred to in clause (b) of rule 4 shall be durable and water tight and the cover, overflow-pipe and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and the other fittings shall be exact duplicate of standard samples kept in the office of the Baranagore-Kamarhati Joint Water-Supply Committee and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly by the staff of the Commissioners under the supervision of one of their officers and the said officer shall have the power of locking up tank or tanks if he thinks so desirable.

9. Every storage tank shall be fitted with an overflow-pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow-pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the Water Works officers every time he finds such discharge occurring, and such officers shall, if necessary, rectify the defect with the help of the staff of and with materials belonging to the Commissioners.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to supply of water corresponding to the annual valuation of such holding according to the following table:—

Annual valuation of the holdings.		Gallons of water per day to which entitled.	
From Rs.	To Rs.	Holding with service privies.	Holding with water closets.

1,101	1,200	330	430
1,201	1,400	350	460
1,401	1,500		

For holding with annual valuation above Rs. 1,500 the daily quantity of water (in gallons) will be calculated as follows:—

Holdings with service-pipes—The annual valuation divided by 4.
Holdings with water-closets—The annual valuation divided by 3.

11. If additional water is required over and above the supply of water referred to rule 10, requisition shall be made for the same to the Commissioners in Form C. The requisition shall be for a period of not less than one year, and payment shall be made in advance for the whole year at the rate of one pie per 10 gallons of additional water requisitioned.

When the above conditions have been complied with, the Commissioners shall have the house-connection adjusted so as to enable the additional water to be supplied, the adjustment of the connection and the payment being based on the particulars furnished by the applicant in Form C.

12 In case the owner or occupier having house connection requires for a special occasion or for any other purpose more water than the amount to which he is entitled according to rule 10 or rules 10 and 11 together, as the case may be, or any person having no house-connection requires a temporary supply of water for a special occasion, he may apply to the Commissioners in Form B (obtainable at the municipal office free of charge) for a temporary connection. He shall pay in advance the sum of Rs. 10 per tank and also shall pay in advance for every week or part of a week during which he retains the temporary connection the following charges:—

	Per day. Rs	as.
(a) For a supply of 200 gallons per day	0	8
(b) For a supply of 300 gallons per day	0	12
(c) For a supply of 450 gallons per day	1	0

(e) For a supply of 750 gallons per day	1	8
(f) For a supply of 900 gallons per day	1	12
(g) For a supply of 1,100 gallons per day	2	0

He shall state in his application the number of days for which the connection is required.

13 On receipt of the application, together with the fees as provided in rule 12, the Commissioners shall forthwith instal within the compound and at a level of two feet above ground a storage tank (or tanks) of 300 gallons capacity with ball-valve and two taps fixed to each tank. They shall connect the same to the street main by a service pipe or pipes, check pipe or pipes and do all other work necessary to commence and maintain the supply.

The Commissioners shall keep in stock a number of tanks, with pipes, fittings etc , for the above purpose

14 The payment referred to in rule 12 shall be made once a week in advance In case the owner or occupier fails to make the payment weekly, the Commissioners or their officers may at once stop the temporary supply of water by cutting off the temporary connection and remove the storage tank or tanks, temporary service-pipe, etc., fixed for such connection

15 Two or more such temporary connections may be taken, if required, on payment of additional costs and weekly charges, as mentioned in rule 12

16 The Commissioners may cut off the connection between any part of the Water Works and any holding to which water is supplied from such Works, or may turn off such supply, in any of the following cases besides those referred to in sub-section (1) of section 309 of the Bengal Municipal Act, 1932, namely.—

(a) if the occupier fails to pay his water-rate,

(b) if the occupier in any way interferes with, damages or alters, the service-pipe, and

(c) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection of the service-pipe or storage tank, or prevents such officer from making such examination or inspection:

Provided that twenty-four hours' notice in writing of such examination or inspection may be demanded

17 The works required under clause (b) of rule 4 shall be carried out by a person or firm employed by owner or occupier and approved by the Commissioners For this purpose the Commissioners shall grant licenses to approved persons or firms, who should preferably have had previous experience in plumbing work

18 No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining away all waste water.

19. The Commissioners will not be responsible for any interruption or diminution of water-supply due to occurrences beyond their control.

Appearances:

For the Union: Shri Sumati Majumdar, Pleader, with Shri Haren Maitra, Secretary to the Union.

For the Company: Shri K. K. Maitra, Labour Adviser of the Company.

The Government of West Bengal, in the Department of Labour, by order No. 55-I.R./IR/11L-123/57, dated 9th January 1959, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute between Messrs. Nundy and Company, 6 G. C. Ghose Road, Calcutta-37 (Head Office 62A Bentinck Street, Calcutta-1) and their workmen represented by the Nundy Company Employees' Union, 6 Basak Bagan, Calcutta-37, regarding matters specified in the second schedule of the Act, to this Court for adjudication.

Schedule

Whether the dismissal of the following workmen is justified? To what relief are they entitled?

(1) Shri Bishtu Mondal.
(2) Shri Pravash Roy.
(3) Shri Santosh Patra.
(4) Shri Sadhan Das.
(5) Shri Arun Prasad.
(6) Shri Akshoy Dutta.
(7) Shri Dhananjoy Shaw.
(8) Shri Sripat Prasad.
(9) Shri Kuldip Singh.

AWARD

This is a case arising out of alleged illegal and unjustified dismissal of as many as 9 workmen as mentioned in the order of reference, previously employed in Messrs. Nundy and Company, 6 G. C. Ghose Road, Calcutta-37 (Head Office 62A Bentinck Street, Calcutta-1), hereinafter referred to as the Company for the sake of brevity.

Decision

Besides the point referred to in the order of reference, the learned Advocate for the Company raised two other points, viz., that the reference being a very belated one is incompetent and should be rejected, and secondly that it is an individual dispute. First I take up the contention that the reference should be rejected as a very belated one. It is also urged that the Government did not make a reference about these workmen previously when a reference was made to the Third Industrial Tribunal concerning two other workmen, viz., Shri Ajit Kumar Chatterjee and Shri Harendra Nath Maitra (vide award). In support of this contention, the learned Advocate for the Company has also relied upon the written statement (Ext. C) of the Union in that reference. It is pointed out that the written statement mentions the names of Bishtu Mondal and Akshoy Dutt, two workmen concerned in this dispute who were alleged to have been victimised, but still no reference was made about these two workmen in the prior reference. Simply because Government did not think it fit to refer their case at that stage, Government are not precluded from referring their case at any subsequent stage, if it so thought fit. It may also be pointed out that there is no time-limit prescribed for making references to Court by Government. If any authority be needed, reference may be made to the ruling reported in 1959 L.L.J., vol. II, page 515, wherein it is laid down as follows:—

> No rule of limitation has been enacted by Statute and it is therefore open to the workmen to raise a dispute however stale or hoary the claim might have become. But when there is a delay in raising any dispute,

an industrial tribunal would be exercising its jurisdiction wisely in taking that circumstances into account, and in appropriate cases refusing relief. That, however, is not a matter of jurisdiction. As the law stands, it is only a matter of discretion.

Government presumably made this reference in the best exercise of its discretion and the Court will not be justified in interfering with it. Thus the reference is held to be competent.

The learned Advocate for the Company has also urged that because of an agreement (Ext. A) purporting to have been entered into on 15th January 1959 wherein the Union undertook that it would not raise any dispute during the next 5 years (vide its paragraph 9), this dispute is barred. This reference appears to have been received in this Court on 13th January 1959, i.e., prior to the date of the agreement on 15th January 1959. But the agreement clearly did not bar any past disputes, and as this is a reference about an old dispute, the reference is not barred. I may also observe in this connection that despite the provisions under the agreement the Union cannot be said to have been estopped thereby from raising any dispute over just causes. Supposing the employer wrongfully dismissed certain workmen without any justifiable reasons, or increased the work-load or reduced wages unjustly, the Union can certainly raise disputes and the provisions in the agreement did not bar any such future disputes as well. To hold otherwise would be placing powers at the hands of the employers which are likely to be abused much to the detriment of the workmen. Thus both these points are answered in favour of the Union.

Next, I take up the justifiability or otherwise of the dismissal of the workmen concerned. At the very outset, I would observe that the cases of Santosh Patra (Sl. No. 3), Arjun Prasad (Sl. No. 5), Sripat Prasad (Sl. No. 8) and Dhananjoy Shaw (Sl. No. 7) were not pressed, and so they may be left out of consideration altogether. It is also reported that Sadhan Chandra Das (Sl. No. 4) is dead. So, the cases of the five aforesaid workmen are out of account altogether. Thus we are concerned only with the cases of Bishtu Mandal (Sl. No. 1), Provash Roy (Sl. No. 2), Akshoy Dutta (Sl. No. 6) and Kuldip Singh (Sl. No. 9). Now I take up their cases one by one.

First, I take up the case of Bishtu Mandal. He was employed in the Company in 1953 as a helper, but he was discharged in 1956. His wages at the time of his recruitment were as. 12 per diem which were raised to Rs. 1-10 at the time of his discharge. It is urged for the Union that the Company discharged him without any just reasons and that if his works were not found satisfactory, how the Company enhanced his wages up to that figure at the time of his discharge. The Union, therefore, contends that his discharge is wholly unjustified. The Company served a notice on him (Ext. D) asking him to show cause why his production was less to which he showed cause (vide Annexure 1-B to the Union's written statement, Ext. 4). In his reply, he wanted a transfer to his old department and contended that no comparison of his production with that of the older workmen in that department could be justified. No enquiry was held, nor was there anything to show that his work was found unsatisfactory. If his work were found unsatisfactory at any time, the Company was at liberty to discharge him on that ground earlier, but the Company never intimated to him that his work was ever found unsatisfactory. Thus his discharge with effect from 21st August 1956 is found unjustified and in contravention of the principles of natural justice. As he is in employment of Subodh Industries at present and he does not claim reinstatement, he may be awarded compensation which is assessed at his 2 months' wages, i.e., Rs. 150 only as he was admittedly in Company's service for 4 years approximately, plus notice pay, i.e., Rs. 150 in all. Thus he is granted 3 months' wages all told by way of compensation and notice pay.

Next, I come to Shri Provash Roy. He was employed as a Turner in this Company in 1951 and was discharged on 13th August 1956. He was charge-sheeted on 16th August 1956 (Ext. P) on the allegation that he left after working for a short time without Company's permission. He denied the charge in his reply (Ext. 5-C). He explained that it was not possible for him to work at the automatic grinding machine, and that he did not work at the automatic Brush Machine were also he did not work previously. So, he wanted works at the Lathe Machine which the Company refused. No enquiry was admittedly held in this case. So, the principles of natural justice were violated in this case and his discharge is found to be unjustified. The Company did not properly consider the case of this workman. Provash Roy has stated in his deposition that he did not seek reinstatement as he is employed in Remington Company where he draws higher wages. Thus he is found entitled to compensation for loss of service and notice pay. As he has put in 5 years' service in the Company, the compensation is assessed at his 2½ months' wages. Thus he is found entitled to his 3½ months' wages by way of compensation and notice pay.

Next, I come to Shri Akshay Kumar Dutta. He was employed in this Company as a Packing-man in 1952 and was discharged in November 1956. He was served with two Show Cause Notices (Exts. 7 and 7A), dated 29th October 1956 and 20th October 1956 respectively. The charges are for wrongful confinement of and abusing Ajit Kumar Bhattacharjee, Supervisor, on 23rd October 1956 on the way and for leaving his duty post on 19th October 1956 and interfering with other's works on 18th October 1956. He denied the charges, vide his letters (Exts 8 and 8-A). A letter, dated 8th November 1956 (Ext. 9), was served on him intimating the date of enquiry as 12th November 1956, and the enquiry proceedings are marked Ext. Q. The Company, it appears, examined this workman and two other workmen, viz., Birendra Nath Das and Purna Chandra De at the enquiry. There is nothing in the enquiry proceedings to indicate that the workman was asked to examine his own witnesses and to cross-examine the Company's witnesses. Thus no proper enquiry was held. Even a perusal of the statements recorded at the domestic enquiry falls short of proving the charges against the workman. So.

the order of his dismissal is found unjustified. He is now employed in Subodh Industries and does not want reinstatement. As he was in the Company for 4 years, he is entitled to his 2 months' wages as compensation for loss of service and one month's notice pay as compensation for loss of service.

Next, I take up the case of Kuldip Singh. His case is that he was employed in this Company since 1950/1951 as a Bearer in the Head Office but he was discharged on 29th May 1958 for his refusal to pull a hand driven cart as it was not his normal duty. He further alleges that he was asked to sign a blank paper which he refused and that was also one of the grounds for his discharge. On the other hand, the Company's case is that he was employed as a coolie and that the Company did not dismiss him, but he went home on leave and did not turn up thereafter on the expiry of his leave and did not join though he was asked to do so.

It is further contended for the Company that as he appertaining to the staff of the Head Office is a solitary member of the Union, this is an individual dispute, and the reference is incompetent. This contention is unsound. The Union representing the workman concerned in this case is a Union of this Company's employees (viz., the Nundy Company Employees' Union). Though other employees of the Head Office of the Company are not members of the Union, this does not affect the legal character of the dispute. It is laid down in the case of Express Newspapers (Private) Ltd. reported in 1959 L.L.J., Vol. I, pages 600-604, that the real test appears to be as to whether the majority or a large portion of the workmen employed in the particular industry are concerned in the dispute or not. Where the Union is of the workmen employed in the particular industry, the presumption is that when the Union takes up the cause of an individual workman it signifies a concerted action on the part of the workmen who are members of that Union. In the instant case, the Union of the particular industry has espoused the cause of this workman, and the Company has not rebutted the presumption to which he is entitled under the law. It is, therefore, held that this is an industrial dispute and the reference about this workman Shri Kuldip Singh is competent.

Now the point is whether the discharge of this workman is justified. It is common ground that no charge-sheet was given to the workman, nor was any enquiry held. For the Company, it is contended that the Chief Inspector of Shops and Establishments in his letter, dated 12th July 1958 (Ext J), asked Kuldip to rejoin as early as possible. The Company also exhibited letters, Ext. R, dated 1st July 1958, R-1, dated 23rd July 1958 and R-2, dated 12th August 1958—all addressed to the Inspector of Shops and Establishments complaining that Kuldip did not rejoin and that if he did not rejoin within 10 days from 1st July 1958 a new man would be employed in his place. All these letters are written in English, and I doubt if Kuldip could understand the import of all these letters. The Inspector has not been examined in this case. Kuldip states that he approached the Company once before 28th June 1958 and again on 28th June 1958 for work, but he was not given any work. In this case, I would rather believe Kuldip that he was not allowed by the Company to rejoin though he reported himself for work. The Company kept up all papers expressing its willingness to take back Kuldip, but actually did not Company kept up all papers expressing its willingness to take back Kuldip, but actually did not permit him to rejoin as he alone of the Head Office was a member of the Union. This is the reason why he was sacked. I would, therefore, find that the Company discharged this workman wrongfully, and he did not voluntarily give up his job. Such wrongful discharge of a workman cannot be supported. Regarding relief, in the interests of industrial peace and harmony and also having regard to the fact that a substitute has been employed in his place, I do not consider it fit to reinstate him. He must be awarded compensation for loss of service. There is no dispute that he put in about 7 years' service from 1951 to 1958. I would, therefore, award him his 3 months' wages at the rate of Rs. 64 per month, i.e., Rs. 192. Besides this, admittedly his wages for May 1958 are still in arrear as it was remitted to his home address while he was in Calcutta and thus the money order could not be delivered to him. Thus in all he is entitled to get Rs. 192+Rs. 64= Rs. 256 only from the Company.

Thus to sum up, it is found that this is an industrial dispute and the reference is competent. The cases of Santosh Patra (Sl. No. 3), Dhananjoy Shaw (Sl. No. 7) and Sripat Prasad (Sl. No. 8) are reported to have been settled amicably. Sadhan Das (Sl. No. 4) is dead, and so the reference about him is incompetent, vide the ruling in the case of Malkera Choitudih Colliery and their workmen reported in 1959 L.L.J., Vol. II, pages 471-484. The case of Arjun Prosad (Sl. No. 5) is not pressed.

The discharge of the remaining workmen, viz., Bishtu Mondal (Sl. No. 1), Provash Roy (Sl. No. 2), Akshay Dutta (Sl. No. 6) and Kuldip Singh (Sl. No. 9) is found unjustified. No order for reinstatement is made in these cases, but compensation for loss of service is given in each case. Shri Bishtu Mondal is awarded his three months' wages, i.e., Rs. 150 by way of compensation and notice pay. Shri Provash Roy is awarded his 2½ months' wages as compensation plus notice pay. Akshoy Dutta (Sl. No. 6) is awarded his 2 months' wages as compensation plus notice pay. Kuldip Singh (Sl. No. 9) is awarded Rs. 256. The Company is directed to pay the aforesaid amounts to the workmen concerned within a month of the publication of this award.

This is my award.

AWARD

This is an application under section 33A of the Industrial Disputes Act, filed by 38 workmen of Messrs. International Tyres and Motors Private Ltd. based on the allegation that the employers had altered to the prejudice of the workmen concerned in the dispute the existing conditions of service when they started paying wages at reduced rate for work done on Saturdays. The opposite party employers filed written objections in due course challenging the maintainability of the complaint in law. They also challenged the merits of the case on question of facts.

The case was fixed for hearing on 19th March 1960 after several adjournments. On that date, the workmen as represented by the Union, filed an application for withdrawing the case. Heard both sides. The learned lawyer for the employers do not oppose the prayer. It is just contended that the tribunal must not pass any opinion whether reference of the matter in dispute as an industrial dispute is called for or not. Obviously it is purely a function of the appropriate Government to decide on the point and I have no business to meddle into that affair and so I keep that matter completely outside my duties.

If a party does not want to proceed and withdraws the complaint case, there remains nothing

for the tribunal to decide and that brings the case under section 33A to an end. The appropriate orders in such a situation would be that the complaint being withdrawn by the complainants the case stands disposed of and such orders takes the shape of award by this tribunal.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. National Alloy and Metal Works Private Ltd., 17 Nabin Chandra Das Lane, Baranagore, Calcutta-36, and their workmen represented by National Alloy and Metal Mazdoor Union, 16 Ram Krishna Ghosh Road, Calcutta-2. (Case No. VIII-79 of 1959.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. K. SARKAR, Judge, Second Industrial Tribunal.

Present for the Company: Shri N. M. Das Gupta, Advocate, assisted by Shri R. Chatterji, Advocate.

Present for the Union: Shri Panchanan Bhattacharya, M.L.A., President of the Union.

By Government order No. 1608-I.R./IR/11L-317/58, dated 22nd April 1959, the above industrial dispute was referred under section 10 of the Industrial Disputes Act to the First Industrial Tribunal for adjudication and subsequently by Government order No. 3637-I.R./IR/11L-317/58, dated 30th July 1959, the dispute was withdrawn from the said Tribunal and transferred to this tribunal under section 33B of the Industrial Disputes Act for the purpose of speedy disposal. The case was heard in this tribunal for 3 days and two witnesses were examined for the Union and one for the Company. The hearing was concluded on 1st March 1960.

The employer Messrs. National Alloy and Metal Works (P) Ltd., hereinafter described as the Company, is a small concern manufacturing mainly tin containers and also lamps for the railways. It employs less than 100 workmen. The National Alloy and Metal Mazdoor Union which represents the workmen was registered in October 1958 and on the 1st December 1958 it presented a charter of demands to the Labour Commissioner claiming wages and dearness allowance for the workmen according to the award of the Third Major Engineering Tribunal. It also preferred demands for casual leave and sick leave, permanency of workmen after six months' service and profit sharing bonus for the year 1958 and certain other demands with which we are not concerned in the present case. The Union further alleged that the Company had dismissed 9 permanent workmen who promoted the formation of the Union on a false plea and subsequently retrenched 33 workmen and demanded their reinstatement. The issues arising out of the said demands which have been referred to this tribunal for adjudication are as follows:—

1. Wages and dearness allowance.
2. Casual leave and sick leave.
3. Permanency of workers.
4. Bonus for 1958.
5. Whether the dismissal of the following workmen is justified? To what relief, if any, are they entitled?
   (1) Shri Kartick Chandra Sarkar.
   (2) Shri Gopal Chandra Bag.
   (3) Shri Nishikanta Ghosh.
   (4) Shri Satyen Kumar Das.
   (5) Shri Ganesh Chandra Jana.
   (6) Shri Banamali Mondal.
   (7) Shri Profulla Kumar Das.
   (8) Shri Ram Samanta.
   (9) Shri Rabin Das.
6. Whether the retrenchment of the workmen (names given in the Appendix A to this award) is justified? What relief, if any, are they entitled to?

The Company in its written statement pleads financial incapacity to pay higher wages and contends that the pay scales fixed by the Third Engineering Tribunal are not applicable to a small industry like this. It also resists the other demands and denies that the nine workmen mentioned in the fifth issue had been dismissed. Its case is that the 9 workmen had voluntarily

resigned their appointments by a joint letter of resignation signed by them. With regard to the 33 workmen retrenched it is alleged by the Company that these workmen all belonged to the tin plate section and that the Company was compelled to retrench them for want of raw materials, its quota for tin plates having been reduced by the Government to an insignificant figure in 1958. It is also alleged that the workmen were allowed retrenchment compensation according to the provisions of the Industrial Disputes Act and that 26 of them have accepted such payment. With regard to claim for bonus for 1958 the Company's case is that its balance-sheet for the year 1958-59 has not yet been prepared and that as such the claim is premature.

Issue No. 1

As already stated, this is a very small concern employing less than 100 workmen and it is not an engineering industry of the type for which the Third Major Engineering Tribunal made its award. I do not think therefore that the pay scales of that award can legitimately be applied to this industry. It has not also been shown or alleged that similar industries of this type have adopted the pay scales of that award. Besides, the Company appears to be a losing concern. It was established in 1949 and from the statement, Ext. C, it appears that it made a good profit in 1951-52 and some profit in 1952-53, 1953-54, 1954-55 and 1955-56 and that in other years it sustained losses. Its losses in 1956-57 amounted to Rs. 11,790 and in 1957-58 to Rs. 13,750. This is also clear from the balance-sheets for the last two years which have been produced. From the wage chart filed by the Company it appears that its skilled workers who are 10 in number get daily wages varying from Rs. 2.94 to Rs. 7 daily, equivalent to Rs. 76.44 to Rs. 182 monthly. There are 15 workmen in the semi-skilled category whose wages range from Rs. 2.31 daily, equivalent to Rs. 60.06 monthly to Rs. 2.75 daily, equivalent to Rs. 71.50 monthly. The wages are consolidated and no separate dearness allowance is paid. For a concern of this type and standard the wages paid to the skilled and semi-skilled workers cannot be said to be inadequate.

The wages of the unskilled workers, however, are inadequate since, according to the wage chart, they range from Rs. 1.44 daily (equivalent to Rs. 37.44 monthly) to Rs. 2 daily (equivalent to Rs. 52 monthly), only 8 workmen among 42 getting above Rs. 2 daily and only one getting Rs. 2.25 daily (equivalent to Rs. 58.50 monthly). All these wages are inclusive of dearness allowance. The minimum of Rs. 37.44 is certainly very low and cannot be maintained. It is true that the Company has been sustaining losses, but still it cannot be allowed to pay its workmen such absurdly low minimum. At the same time the financial condition of the Company has to be taken into consideration so that the additional burden that may be thrown upon it in the shape of increase in wages may not prove unbearable resulting in the Company being forced to close its doors and the consequent unemployment of its workmen. Taking everything into consideration, I think that it will be fair and just to both parties to fix the minimum wage of the unskilled workmen at Rs. 52 per month inclusive of dearness allowance. It is not necessary to separate the dearness allowance from the wages since consolidated wages are all along being paid by the Company. The said wages will, however, be paid at the equivalent daily rate and not monthly. Scales of pay with periodical increments will be altogether inappropriate in a concern like this and the Company is not also in a position to bear increasing burden every year. The workmen must wait for better days of the Company for such claim to be advanced. Increments are left to the discretion of the Company. As to the semi-skilled workmen, the existing minimum of Rs. 60 per month in equivalent daily wages should be maintained. For the skilled workmen no direction is necessary because the existing minimum is already above Rs. 75 per month, and they can be left to their own bargaining power. The minimum daily wages of all the existing unskilled workmen who are getting less should be raised to the daily equivalent of Rs. 52 per month, i.e., Rs. 2 daily with effect from the date of publication of this award.

It also appears from the wage chart that there are certain boys and apprentices who get minimum daily wages inclusive of dearness allowance varying from Rs. 1.06 to Rs. 1.56 daily. The Union has not made any specific demand for them. Considering that they are boys and only apprentices their minimum wage which appears to be low is raised to Rs. 40 per month inclusive of dearness allowance to be paid at equivalent daily rate. They should also be paid at this rate from the date of publication of the award.

Issue No. 2

On this issue the Union's claim is that every workman should be granted 7 days' casual leave and 10 days' sick leave on full pay. It is not usual to grant casual leave on full pay to factory workmen who are governed by the Factories Act and therefore the claim for casual leave is rejected. As regards sick leave I direct that sick leave on half-pay for 15 days in a year of service should be allowed to the workmen until the Employees' State Insurance Act comes into operation, as provided in the award of the Second Engineering Tribunal.

Issue No. 3

On this issue the Union's claim is that the workmen should be made permanent after six months' service. The Company's Standing Orders contain the same provision for permanent workmen, a permanent workman being defined therein as a workman who has been engaged on a permanent basis and who has satisfactorily completed a probationary period of six months. The Standing Orders also provide for employment of temporary and casual workmen for work of an essentially temporary or casual nature. But according to the Manager of the Company, actually there are no temporary workmen. He has also stated that the workmen are always made permanent according to the Standing Orders. No case of deviation from this rule has been alleged before me. The existing

Standing Orders are, therefore, sufficient to meet the demand of the workmen and all that is necessary is a direction that the Standing Orders should be strictly followed.

Issue No. 4

This issue is described as bonus for 1958. The nature of the bonus is not mentioned but from the written statement of the Union it is clear that it is profit-sharing bonus that is wanted because it is described therein as bonus for the year 1958 on the basis of the Full Bench formula. The Company's financial year does not correspond to calendar year. It is from April to March. The demand should therefore be construed as a demand for bonus for the financial year 1958-59 ending on the 31st March 1959. At the date when the demand was first made, i.e., on 1st December 1958, the financial year had not ended. It was therefore a premature demand. The Company's Manager has stated that the balance-sheet for the year 1958-59 is not even yet ready and though the late auditing of the accounts of the Company may be open to criticism, no claim for profit-sharing bonus, according to the Full Bench formula laid down by the Labour Appellate Tribunal, can be entertained, until the balance-sheet with the profit and loss account for the relevant year is available. The onus in this respect is upon the workmen and that onus cannot be discharged until the workmen can make out a case from the audited accounts of the Company that there is a net surplus from which bonus can be paid. This demand should therefore be considered to be premature and should be rejected on that ground. It will, however, be open to the Union to raise this demand in proper time after the accounts are audited and the balance-sheet for the year 1958-59 is available.

Issue No. 5

The Company's case, as already stated, is that the 9 workmen named in this issue were not dismissed but that they voluntarily resigned their appointments by a letter jointly signed by all of them. The letter by which they resigned has been produced and marked as Ext. B. Its date is 7th July 1958 and it is written in Bengali. It is a long letter giving elaborate reasons for the resignation. It refers to a previous letter addressed by the workmen to the Chairman of the Works Committee on 2nd June 1958 (Ext. A) demanding an increase of the dearness allowance and complains that it was not considered favourably by the Director Shri Kalipada Das, though he had previously assured the workmen that he would meet their grievances amicably. The signatories of the letter make a grievance of the fact that though on that assurance they had resisted the attempt of outsiders to form a Union of the workmen and persuaded the workmen not to join such Union, Kali Babu had let them down and state that the workmen were accusing them of having prevented the formation of the Union and asking them either to do something or get out of their way. They lament that Kali Babu has changed and say that on this ground and also because they had failed in their duty to the workmen they had decided to offer resignation of their appointments. The signatories finally request that the resignations may be accepted within 15 days and that certificates (of good service) and some monetary help may be given to them.

The evidence of the Company's Manager is that this letter was handed over to him by all the 9 signatories on the date mentioned in the letter and that on 14th July 1958 he wrote a letter to the 9 signatories jointly informing them under instructions of Shri Kalipada Das that there would be some delay in convening a meeting of the Board of Directors and that consequently it was not possible to have their resignation letter considered by the Board of Directors within 15 days from the date of that letter and also requesting them to consider whether they could not withdraw the resignation letter. This letter was handed over to Shri Kartik Chandra Sarkar, one of the signatories. Exhibit B(1) is a copy of this letter. Another copy of the letter was sent to the Labour Commissioner with a covering letter of which Ext. B3 is a copy. On 28th October 1958 the signatories were further informed by another letter of which Ext. B2 is a copy that the resignation letter would be put up before a meeting of the Board of Directors on 15th November 1958. This letter was also handed over to the same Kartik Chandra Sarkar on 29th October 1958 and a copy of this letter was sent to the Labour Commissioner on 30th October 1958 with a covering letter of which Ext. B4 is a copy. Exhibit K is a certified copy of the proceedings of the meeting of the Board of Directors held on 15th November 1958. It shows that the resignations of the 9 workmen were accepted with regret with effect from 30th November 1958. This was communicated individually to all the signatories except Kartik Sarkar by registered letters, dated 29th November 1958. Exhibit B5 is a copy of that letter. The original letter addressed to one of the signatories, Ganes Chandra Jana, has been produced by the Union (Ext. 1). Kartik Sarkar's letter was handed over directly to him and an acknowledgment was taken which has been produced (Ext. L1). The acknowledgment of Gopal Chandra Bag shows that he received it on the 3rd December (Ext. L).

Only one of the signatories, viz., Gopal Chandra Bag, has deposed before me and he has admitted his signature as also the signatures of the other 8 workmen in Ext. B. But his case is that he and the other signatories had signed a blank piece of paper at the instance of Kartik Sarkar who had told them that he would write an application to the Company on that paper requesting the Company to meet their demands and that if they signed the paper they would get their demands. It is also stated by him that this Kartik Sarkar was the head mistry and also Chairman of the Works Committee to whom the workmens' original demand, dated 2nd June 1958 (Ext. A), had been submitted. The Union's case regarding this letter of resignation is that it was a fabricated letter and a device on the part of the Company to get rid of these workmen because they had promoted the formation of the Union and were among the office-bearers thereof and that the Company had purchased Kartik Sarkar and got the letter fabricated through him. It is also stated that

Kartik Sarkar is continuing in the service of the Company.

The above case was not, however, specifically stated in the written statement of the Union where it was only stated that these 9 workmen had been dismissed "on the basis of fabricated plea". It does not also appear that any such case was put forward before the Conciliation Officer. The Company had on the other hand sent copies of its letters to the 9 workmen in connection with their resignations to the Labour Commissioner, as already stated and it also wrote to the Conciliation Officer on 8th January 1959 in reply to the Union's demand for their reinstatement that they had voluntarily tendered their resignations which had been accepted (Ext. J1). Only one of the nine signatories has deposed before me and advanced this case for the first time in his deposition. There is no other evidence in support of this case. It is not disputed that the Company had addressed the letter dated 29th November 1958 to each of the signatories intimating that his resignation had been accepted but it is not stated that any of them approached the Manager or any other authority of the Company expressing surprise at the letter and denying resignation. The signatory who deposed before me stated that he did not approach, or make any complaint to, any of the authorities. He of course received the letter on 3rd December 1958 but he admitted that he had been told in the factory on 29th November 1958 that he had resigned. He did not say that he then made any protest or denied the resignation. Such conduct is certainly not consistent with the case now put forward. If these persons had really signed a blank paper and had no idea of resignation, then they would certainly have been taken by surprise on being told that they had resigned and would have run to the authorities to express their surprise and protest and would also have demanded production of their resignation letter and told the authorities that they had been duped by Kartik Sarkar. They did not even want to see their resignation letter. Such conduct clearly shows that the story now put forward cannot be true.

I have carefully considered the resignation letter, Ext. B, and I am fully satisfied that it could not have been a fabricated document. It consists of 4 pages. The body of it is admittedly in the handwriting of Kartik Sarkar. The signatures including that of Kartik Sarkar appear on the 4th page below the last three lines of writing. The writings do not show any sign of squeezing. They generally follow the lines of the lined pages. The writing is in the same ink as the signatures excepting one that of Nishi Kanta Ghosh. A letter like this could not have been fabricated at the instance of the Company. The contents of the letter leave no room for doubt that it must have been composed at the instance of the signatories themselves. It is a sincere expression of their feelings and sentiments at the time. The signatories who had accepted the leadership of the general body of the workmen and had hoped to persuade Shri Kalipada Das to meet their demands of 2nd June 1958 felt aggrieved when he let them down and did not take their advice and being blamed by the workmen thought it better to cut off connection with the Company. This seems to have been the motive for the resignations, so far as can be gathered from the letter. There are such disparaging statements in the letter about the Director Shri Kalipada Das that it can never be believed that the Company had a hand in drafting it. I am satisfied from the contents of the letter and the internal evidence that it was a genuine letter jointly written by the persons who signed it.

It is also impossible to believe the allegations made against Kartik Sarkar. The allegation that Kartik Sarkar is continuing in the service of the Company is in conflict with the demand for his reinstatement. It was demanded in the charter of demands of 1st December 1958 and is still being demanded. If Kartik Sarkar had actually perpetrated such a fraud on his eight other colleagues and been in league with the Company, his reinstatement would not have been made an issue and that issue would not have been persisted in. The Manager has denied that Kartik Sarkar is in the service of the Company and the two witnesses who deposed to the contrary admitted that they did not see him actually working in the factory. All that they said was that they saw him going to the factory from their homes. No workman in the employment of the Company has come forward to prove that Kartik Sarkar is in the service of the Company. In the circumstances I cannot accept the story now put forward regarding the resignation letter and Kartik Sarkar's part in it. Nor can I believe that the Company had any hand in the matter. I find that these workmen genuinely resigned their appointments by this letter and the Company accepted the same.

It has been argued that the letter called upon the Company to accept the resignations within 15 days and that after the expiry of that period the letter lost its effect. But the Company asked the signatories to reconsider the position within the period of 15 days and also informed them that it was not possible to accept the resignations within that period. Of course, that letter was not individually sent to the signatories. But the resignations had also not been sent individually. The Company's letter was jointly addressed to the signatories and it was delivered to the first signatory Kartik Sarkar on their behalf. Since the allegations against Kartik Sarkar have not been proved and cannot be believed in the circumstances of the case, I cannot accept the suggestion that this letter had been suppressed by him from his colleagues at the instance of the Company. The fact that a copy was sent to the Labour Commissioner also shows that there was no intention to suppress it. The signatories were informed later by the Company of the date when the Board of Directors would consider their resignations. They had sufficient opportunity to withdraw the resignations, if they were so minded. The delay in accepting the resignations has thus been properly explained and the signatories not having withdrawn the resignation letter in spite of intimation by the Company, the latter was within its rights to accept the resignations at the time it did.

It may be that these nine persons had promoted the formation of the Union and were among its office-bearers, but that is not sufficient to show that this resignation letter was a later fabrication at the instance of the Company. That case having failed and the letter having been found to be genuine, no question of victimisation or unfair labour practice on the part of the Company can arise. The Union can succeed on this issue only by showing that these persons were dismissed by some unilateral act of the Company. Voluntary resignation by a workman and acceptance of it by the Company is a bilateral act and it can never be characterised as dismissal. There is also no case of forced resignation which may sometimes amount to dismissal. Besides the application for registration of the Union had been submitted on 7th August 1958 (Ext. 4). The Company had before that date requested the signatories to reconsider their decision and withdraw the resignations. Why should the Company have delayed the acceptance of the resignations even after the date of that application or even after registration of the Union on 15th October 1958 (Ext. 3). If the Union's suggestion were true, the Company would have been aware of all the moves of the workmen through Kartik Sarkar, its agent. In the circumstances I must find that it was not a case of victimisation or dismissal and that the persons concerned are not entitled to any relief. On this finding these persons cannot also be treated as workmen as defined in the Industrial Disputes Act.

Issue No. 6

The Company has produced the notice by which the 33 workmen were retrenched. It is dated 29th December 1958 and has been marked as Ext. P. It stated that subsequent to the laying off of certain workers of the Tin Container Section on the 16th June 1958 the situation had deteriorated to such an extent that for want of tin plates it was no longer possible for the management to run the Tin Container Section and keep all the employees there fully engaged. Accordingly, it was stated, the management had decided to close down the major portion of the section for good. These 33 workers were declared surplus and they were retrenched with effect from 29th December 1958. It was also announced that they would be paid their wages for one month in lieu of notice and retrenchment compensation equivalent to 15 days' average pay for each completed year of service or any part thereof in excess of 6 months as provided in section 25F of the Industrial Disputes Act. The Company has further stated that the retrenchment was effected on the basis of section 25G of the Industrial Disputes Act and has produced a complete list of the workmen in this section on the relevant date with dates of their appointment which has been marked as Ext. H. According to that list there were then 47 workmen in this section among whom these 33 workmen (numbering 15 to 47) were the juniormost. The Company was started on 4th April 1949 and 3 of these 33 workmen had been appointed on that very date but there were 14 other workmen in the same section who had also been appointed on that date and according to the list they were senior to those 3 men. One of the retrenched workmen Gobinda Das who deposed stated that while his retrenchment was effected many persons junior to the retrenched workmen continued to work in the Company. But he mentioned no names and produced no evidence in support. He also said that many of these retrenched workmen worked in other sections but here again no names were mentioned and no such suggestion was put to the Company's Manager. Obviously his evidence on these points cannot be accepted in the face of the Company's list, Ext. H. A copy of the notice of retrenchment was sent to the Labour Commissioner with a covering letter, bearing the same date (Ext. P1). The retrenchment was thus effected in accordance with the provisions of section 25G and section 25F of the Industrial Disputes Act.

As already stated, the Company makes tin containers from tin plates which are controlled and allotted to the Company by Government permits. Without supply of such tin plates, tin containers cannot be made. The Company has filed a statement, Ext. F, showing the quantity of tin plates allotted to it from 1955 to 1958. It appears from it that up to the second quarter of 1957 the Company was generally allotted 120 tons of tin plates per quarter. But in the 4th quarter of 1957 the allotment was reduced to 60 tons and in the first, second, third and fourth quarters of 1958 it was further reduced to 35 tons, 42 tons, 48 tons and 30 tons respectively. In consequence of this reduction in allotment the Company had fixed to lay off 15 workmen of this section on 13th June 1958. This is shown by its letter to the Labour Commissioner of which Ext. G is a copy. It is stated therein that on account of the reduction of the quota an acute shortage of tin plates had been felt and that it was no longer economical and possible to keep all the employees fully engaged. As there was no improvement in the 3rd and 4th quarters of 1958 the Company was compelled thereafter to retrench the said 33 workmen. This is the case of the Company which has been proved by the Manager and the documents filed and there is no evidence to the contrary.

The Union's case is that this retrenchment was not bona fide but a measure of victimisation because these retrenched workmen had joined the newly formed Union. Only one of the retrenched workmen was examined and he deposed to that effect but in the face of the evidence adduced by the Company which has been discussed above, I cannot accept the Union's suggestion. The actual shortage of tin plates has been fully made out and it is clear from the facts that the Company had no other alternative. Simply because the retrenchment was effected after the formation of the Union, it cannot be contended that it was directed against the Union, if it was otherwise justified. The Company had to lay off several workmen on the same ground of shortage of tin plates in June 1958 and that was before the formation of the Union. The Company should be taken to be the best judge of the number of workmen required to run this section in view of this depleted supply of raw materials and there is also nothing to show that all these men were not found surplus. Of these 33 workmen 26 have already collected their

dues and the retrenchment benefits. It was suggested to the Manager of the Company that these 26 men had since been reappointed but this was denied by him and there is no evidence to that effect. Only six of them as mentioned in Ext. 1, have been temporarily engaged on a casual basis. In the circumstances I am fully satisfied that the retrenchment was bona fide and justified and that it was effected in accordance with the provisions of section 25F and 25G of the Industrial Disputes Act. In view of this finding the retrenched workmen are not entitled to any relief.

In the matter of an Industrial dispute existing between Messrs. Modern Moulders Ltd., 39 Kali Krishna Tagore Street, Calcutta-7 and their workmen represented by Modern Moulders Workers' Union, House of Lala, Sodepur Station Road, Sodepur, 24-Parganas. (Case No. VIII-252/58.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri K. K. MITRA, Judge, Fourth Industrial Tribunal.

For the Company: Shri P.K. Sen Gupta, Advocate.

For the Union: Shri M. M. Saha, Advocate.

This is an industrial dispute between Messrs. Modern Moulders, Kamarhatty, 24-Parganas and Messrs. Modern Moulders Ltd., 39 Kali Krishna Tagore Street, Calcutta-7, in one part and their workmen represented by Modern Moulders Workers' Union, House of Lala, Sodepur Station Road, Sodepur, 24-Parganas, regarding the following issues, was referred to this tribunal for adjudication, by Government of West Bengal, Labour Department, order No. 5365-I.R., dated 17th December 1958, and subsequent addendum No. 2651I.R., dated 20th June 1959.

Issues

(1) Wages and dearness allowance.

(2) Leave and holidays.

(3) Conditions of service.

(4) Bonus for the accounting year 1957-58.

(5) Whether the refusal by Messrs. Modern Moulders Ltd., to employ the workmen employed by Messrs. Modern Moulders on the old terms and conditions and with continuity of service is justified? What relief, if any, are the workmen entitled to?

AWARD

The Union, in the written statement, urged, interalia, that the Company did not take the formation of the trade union by the workmen in 1958 in good grace and that following a demand for Puja Bonus, over which the management refused to have any negotiation and discussion, there was stoppage of work on 10th October 1958 and then the management declared a lock out on 11th October 1958. The workmen demanded increase of wage rates and dearness allowance, bonus of two months' wages and leave as stated at page 7 of the written statement and rules as to condition of service as described at page 8 of the written statement. After the order of reference was amended whereby Messrs. Modern Moulders Ltd., were added as a party and the additional issue No. 5 was added, the Union submitted an additional written statement on 21st July 1959. It is contended therein that the management refused employment to some of the employees when they restarted work in the same factory premises on 1st May 1959 and such action on their part is mala fide.

Messrs. Modern Moulders Ltd. filed the written statement on 14th August 1959. It is contended therein that this Company was formed on 6th March 1959 and started functioning from 13th May 1959 taking on rent a portion of the factory premises situated at 30 B. T. Road, Kamarhatty and that it has got nothing to do with the partnership concern. It is further alleged that the workmen now in their employment are not members of the Union and that they recruited only such persons who applied for employment. Before I proceed to consider the merits of the case, it is necessary to trace the course of development of the dispute.

The dispute was referred to the tribunal for adjudication on 17th December 1958. The Union filed written statement on 17th February 1959. The employers, that is Messrs. Modern Moulders a partnership firm of which Gopal Das Bagri and Gobardhan Bagri were partners as specifically named in the order of reference entered appearances on 12th January 1959. On 3rd March 1959 a partner of the firm applied for time to file written statement on the ground that arbitration proceedings were going on due to differences and difficulties and for that written statement could not be prepared. It may be added that the statement contained in the petition are absolutely vague and indefinite. Time was however allowed up to 28th March 1959. On 30th March 1959 again a partner Gopal Das Bagri prayed for time stating therein that statements could not be prepared due to differences and dissolution of the said partnership and everything was in a fluid state. Time was allowed up to 13th April 1959. On 16th April 1959 an affidavit was sworn by Shri Gopal Das Bagri stating therein that the partnership has been dissolved and that the reference would not continue in the absence of proper parties. The Union filed a verified petition on 13th May 1959 alleging therein that the Company did not lift the lock-out inspite of Government order prohibiting the continuance of the lock-out under section 10(3) of the Industrial Disputes Act and the self same Company had started business from 1st May 1959 in the name and style of Modern Moulders Limited asking the employees to apply afresh for getting appointment. After that the appropriate Government issued an addendum to the order of reference on 20th June 1959 adding an issue and making Messrs. Modern Moulders Limited as well a party. Then the written statement is filed by the Modern Moulders Ltd. No written statement is filed by the partnership firm.

The learned lawyer for the employer raised a preliminary objection that the Union does not represent the majority of the workmen and therefore the reference is bad in law.

The order of reference clearly indicates that the dispute is between the workmen represented by Modern Moulders Workers' Union and the Company.

An industrial dispute as defined in section 2(k), means a dispute between employers and workmen. The appropriate Government has been given the sole discretion to refer the dispute of any matter appearing to be connected with or relevant with the dispute to a tribunal for adjudication and the tribunal shall hold its proceedings and submit its award to the same authority that is the appropriate Government and the said award, when enforceable shall be binding on all parties to the industrial dispute. The definition of "industrial dispute" indicates who are parties to the dispute. Obviously the employers and the workmen are the two parties in the industrial dispute. I am not concerned here about such dispute which are between employers and employers and between workmen and workmen. Here the dispute as referred to by the Government is one as between employers and the workmen. It is only when an industrial dispute exists or is apprehended that the appropriate Government take action under section 10 of the Industrial Disputes Act or that the conciliation officer hold conciliation proceedings under section 12 of the Industrial Dispute Act. It is apparant that there is some source of information from which the appropriate Government can know about the existence or apprehension of a dispute. That information might reach the Government from the workmen or from the Union representing the workmen or any other body or persons. The Tribunal need not enter into enquiry on the point. But at the same time, the tribunal cannot assume jurisdiction unless it finds that the dispute as referred to is an industrial dispute or a matter relating to that consistent with the special meaning given to the

words industry in section 2(j), workmen in section 2(s) and industrial dispute in section 2(k) of the Industrial Disputes Act. Further the tribunal would refuse to adjudicate upon the dispute, when as a matter of fact no dispute existed or was apprehended. Such a situation arises when the workmen themselves come forward and state that they do not want to proceed and that there is no dispute. In order to show that the workmen have no dispute the Company filed documents, Ext. A. and Ext. A 1, which appear to be signed by 45 and 66 persons respectively addressed to the Labour Commissioner. The contents of these two letters are to the effect that they are not members of the Union and that there is no case before the tribunal. O. P. W. 2 Chandra Bhusan and O. P. W. 3 Paresh Chandra Baroi proved their own signature in Ext. A1. Chandra Bhusan did not see others sign and he cannot say on what date he signed and who wrote the body of the application. Paresh does not remember on what paper he signed and he cannot read the contents of the application. He cannot say as well, who explained the contents thereof to him. O. P. W. 1 Shri Jitendra Nath Das, a supervisor, stated that he cannot say who wrote Ext. A1 and one Sudhir Dutta, a worker, wrote Ext. A. Ext. A1 is not proved in accordance with the law. It is also unsafe to rely on the contents of the other document Ext. A. Besides Jatindra stated that there are 250 workmen and so no inference can be drawn that the workmen as a whole or that majority of them are not concerned in the dispute or that they do not want to proceed.

It is established that there exists a registered Trade Union of the workmen of the concern. I get from the records as to registration of the trade union that the Union was registered on 25th April 1958. That Union was described in the order of reference as representing the workmen. The Union can conduct a trade dispute on behalf of any member and can spend its fund for the prosecution or defence of any legal proceeding to which any member is a party. So while an award is binding on the parties to the dispute, the Union representing the workmen comes into the picture in the order of reference as well as for representing the workmen in any proceeding under the Industrial Disputes Act. If the Union has not got within its membership, the workmen of the industry, the question arises if inspite, the Union had got any right to represent the workmen, in the industry. The Union registered on 25th April 1958 is not cancelled and it still exists. Only two workmen deposed to say that they are not members of the Union. From such evidence it cannot be said that the workmen in this concern have severed connection with the Union. It is true that none of the workmen who are in employment came forward to depose. But no inference can be drawn from it that the workmen do not want to proceed with the dispute. Rather there are circumstances indicating the reason behind such unusual conduct of the workmen. Apprently a disruption amongst workmen had been sought to be created by non-employment of some workmen. The workshop remained closed since 13th October 1958 when the employer declared lock-out. During the pendency of the lock-out, the Company was formed in March 1959 and the commencement certificate was obtained on 18th March 1959. But curiously enough when they prayed for time to file written statement on 3rd March 1959 and 30th March 1959 it was not mentioned that a new Company having no connection with the partnership firm had been formed. Let me now consider the character of this Company with reference to the partnership firm. Gopal Das Bagri, Giridhari Bagri, son of Gobardhan Bagri and one Sukumar Bose are the three directors of this Company. They are carrying on business in the same factory premises. Gopal Das stated that this Company is carrying on the manufacture with the same machineries of the factory on the basis of the agreement. The agreement is not produced. The receipt, Ext. E, signed by Gopal Das in favour of Modern Moulders Limited, has no value when the written lease is not produced. It is not the case of either the Company or the partnership firm that the services of the workmen had ever been terminated. The mere fact that the employer declared a lock-out did not in any way terminate the relationship as employer and employee as between the parties. What actually happened was that Modern Moulders Limited issued a notice intimating the workers intending to join as employee to make applications for employment during the pendency of this proceeding. The place of business and the nature of manufacture remained unaltered and simply a proprietory concern was converted into a limited company concern of which virtually the two partners of the proprietory concern became the directors along with another person Shri S. K. Basu. Apparently, the Company through a separate identity in the eye of law which came into existence during the pendency of the adjudication proceedings was formed to carry and continue the same business in the same place, though under a different name. The objection of the Company regarding maintainability of the reference thus fails.

I now proceed to consider and decide the merits of the dispute.

Issue No. 1

The Company submitted in annexure I with the written statement a list showing the wages paid to different workmen divided in several categories. In considering the wage structure it is firstly to be ascertained that a workman is assured the minimum, as would enable him to have not merely the mean of bare subsistence of life but also for the preservation of his efficiency as worker. For that he must have means to provide for some measure of education, medical requirements and amenities. Taking the food intake of an adult person at 2600 calories, the composition of an earner's family having three persons and distribution of the expenses in the rates of 60 per cent. towards food and 40 per cent for other requirements, the minimum comes to Rs. 27-8 per month on the pre-war level of prices. On the assumption that the prices would stabilise at 180 points the minimum comes to Rs. 27-8 plus Rs. 22 that is Rs. 49-8 and the same would be Rs. 27-8 plus Rs. 16-8 that is Rs. 44. The dearness allowance is to be fixed with due consideration to the paying capacity of the Company as it cannot be expected that a substantial

portion of the rise of cost of living index above 160 or 180 points can be neutralised. It has got to be noted however that the minimum wages of unskilled workmen could not be fixed more than Rs. 35 as basic pay and Rs. 36 as dearness allowance by the Third Engineering Tribunal in the award given in 1958 with respect to some engineering industries employing more than 250 workmen. From the wage chart, it appears that the existing minimum is Rs. 1-12 per day or Rs. 47-8 per month. The wage structure should be fixed with due consideration to the rates prevailing in similar industries in the neighbourhood. In the award for Bharat Glass Works at Belghoria published as per order No. 3342Lab., dated 9th July 1949, appears the wages of different categories of workmen in Lakshmi Glass Works, Indian Scientific Glass Co., and Bharat Glass Works. That chart gives the wages for blowers, helpers, bubblers, machine helpers. There are many categories of workmen described as carriers, cooler, catcher, graduation, packers, etc., by this concern which do not appear in the aforesaid chart showing classification of workers. There is no such material before me from which I can fix the wages of these categories of workmen who are engaged in different work of varying skill and efficiency. It would thus be unsafe to disturb the wage rates completely. But the minimum rate of the wages is raised to Rs. 2.16nP. comprising of Rs. 1.62 in basic pay and .54 in dearness allowance or Rs. 56.16 nP. per month. I leave the wages paid to workmen already drawing above this minimum undisturbed.

Issue No. 2

The Company wants to fix the same as follows:—

Casual leave—7 days.

Sick leave—7 days.

Statutory leave—15 days.

Such provision seems adequate. I decide the issue accordingly.

Issue No. 3

The Company has already submitted standing orders to the certifying officer defining the conditions of service. I do not think it necessary to enter into the question in this situation. The workers have obviously got the right to challenge the reasonableness or otherwise of the provision of the draft standing orders. The Union also does not press for adjudication of this issue. Subject to the observation made herein the issue is left undecided.

Issue No. 4

The Union claims bonus for the year 1957-58. The Union in the written statement alleged that the Company had been paying bonus every year. The claim is based on a customary right. There is however no evidence to show if bonus had been paid without interruption at a fixed rate. In the absence of any evidence to support the claim the demand cannot be sustained.

Issue No. 5

Gopal Das Bagri stated that he instructed the superintendent and department-in-charge to take in employment all workmen who worked under the partnership firm. Obviously the instruction of the employer was to permit all the workers to resume work. The services of the workmen had never been terminated by the employer. So much so Gopal Das admitted that fact when he stated in own explanation that they did not retrench or dismiss any worker and that the notice was issued just to ascertain if the workmen wanted to work under them. There was in fact no reason for the workmen to refuse to resume work. Rather the evidence clearly indicates that the employer declared lock-out during the pendency of the conciliation proceedings and that the factory was re-opened in the name of Modern Moulder Limited and the same work at the same place was started when all the employees except 37 workmen were allowed to resume work. The question thus arises if Modern Moulders Limited could refuse to employ these workmen who were admittedly workmen under the partnership firm, just because of the fact that they did not choose to submit application seeking employment to this management. In the particular facts and circumstances of the case, when the services of the workmen had never been terminated and that they were unable to work on account of the lock-out, the workmen had the right to resume work when the management opened the factory though under a new style as to the ownership of the same. There could not rise any occasion for making fresh appointment, on the basis of recruitment on new conditions of service. Whatever might be the reason behind changing the partnership firm into a limited Company during the pendency of the proceeding before the tribunal and even though the limited Company is in the eye of law an entity different from the partnership firm, the employer remaining in fact the same could not ignore the relationship of master and servant and given a go-by to the same. I hold, therefore, that Modern Moulders Limited was not justified in refusing employment to some of the workmen under Messrs. Modern Moulders in the same terms and conditions and with continuity of service. It appears that there are 37 workmen who had not been taken in by the management. The Company had no justification in making such discrimination with respect to these workmen. The only reason assigned by the employer that these persons did not apply for appointment as per notice issued signifying that the terms and conditions of service of the persons taken in employment would be intimated later, rather disclosed the mala fide on the part of the employer. So even assuming that some of the workmen did not apply afresh in response to such notice, I find they had sufficient reason for that.

The Company is directed to reinstate the workmen within a month from the date this award becomes enforceable. The workmen would simply inform the management that they would join on the old terms and conditions as was applicable to them on 10th November 1958. The period of their unemployment since 11th October

1958 shall be treated as absence on leave. The workers who were refused employment shall get wages for a period of six months at the rate they were getting wages on 10th November 1958.

[Bhārate Sāmrājya Vāder Nūtan Kauśal New tactics of imperialism in India Apparently a Bengali version of an article said to have been taken from a work entitled "The crisis of Britain and the British Empire" by Rajani Palme Dutt Tries to give an idea of the policy alleged to have been carried on by the Anglo American imperialist powers in India in her post independent period Holds that transfer of power did not create India a sovereign independent State as her administration was handed over to a party expected to act in the interest of the imperialist powers, and tries to show that the Anglo American powers wanted to control, in their own interest the political, military and particularly the economic affairs of India with the result that she was forced to imprison a large number of people and carry on a repressible policy against all forces of opposition including the Communist Party and also to make way for investment of foreign capital in this country Finally points out the increasing power of the Communist Party which is to play an important role in the matter of the country's economic independence] Pages 46 Published by Suren Dutt, National Book Agency Ltd , 12, Bankim Chatterjee Street, Calcutta 12 1954 [31st May, 1954] Double Crown 16mo 2nd edition 6 annas
